## HENRY F. CARR

Appointed Park Commissioner by Mayor Meehan

Will Succeed Col. Percy Parker—  
Albert F. Grant Will Succeed  
Himself as Cemetery Trustee

Mayor Meehan today appointed ex-Councilman Henry F. Carr, of ward four, to succeed Col. Percy Parker as a member of the park commission for

the pool room and furniture business in Gordon street and has a host of friends in that section of the city who will be highly pleased over his appointment.

His Honor also announced that he will appoint ex-Alderman Albert F. Grant to succeed himself as a member of the board of cemetery trustees. Mr. Grant served the city in the common council and board of aldermen, and was a member of the legislature from the 13th district, ward eight.

The appointment of the park commissioner calls for confirmation by the city council while that of cemetery trustee is without confirmation. Mr. Grant's present term expires April 3.

## MANDAMUS WRIT

Hearing on the Petition Postponed Until Friday

The hearing on the writ of mandamus petitioned for by four members of the common council, Messrs. Tracy, Crowley, Royal and Corbett, has been postponed to Friday of this week.

The case was called before Judge Loring in the supreme judicial court at Boston this morning. John W. McEvoy appeared for the petitioners and John Jacob Rogers for the respondents. The hearing was not proceeded with today as it has not been dispensed with and the court ordered Mr. Rogers to make answer to the writ on Thursday of this week and the date for the hearing is set for the following day, Friday. Judge Loring said it was not the usual custom to try a case of this kind on the merits on the first day. The writ was not filed until last Friday and it cannot be said that there has not been

quick action in the case and the petitioners feel that the proceedings, even as far as they have gone, have had the desired effect.

Mr. Rogers asked that the writ be denied or postponed. He guaranteed the court that there was no necessity for further action in the matter.

"Our position is," he said, "that meetings of both branches of our city council will be held this evening when a joint convention will be held."

"We entered into this agreement to go into joint convention tonight before receiving official notice of these proceedings."

President Elliott of the common council has notified the mayor and the chairman of the board of aldermen has also been notified of our formal agreement to meet in joint convention with the aldermen this evening.

that any machinery should be set in motion at this time and I would ask that the writ be denied or postponed."

Mr. McEvoy said he believed that Mr. Rogers was honest in his remarks, but would object to a denial of the writ. "I believe in Mr. Rogers," he said, "but these councilmen have been somewhat refractory of late."

Judge Loring suggested that the defendants file answer to the writ next week.

Fortunately, however, the thought occurred to Mr. McEvoy that the court would not sit next week, whereupon Judge Loring ordered that the answer be filed on Thursday of this week and that the date of the hearing be set for the following day, Friday.

"But if we go into joint convention?" queried Mr. Rogers.

"Then you may recite that in your answer," said the court.

## BISHOP DOANE REFUSES

ALBANY, N. Y., March 28.—Bishop Doane has refused to permit Mrs. E. B. Grannis, president of the National League for the Promotion of Purity, to speak in All Saints cathedral at the convention of the Purity League, which was to have been held here today. In refusing Mrs. Grannis permission to speak, Bishop Doane quoted from the bible, First Corinthians 14:34: "Let your women keep silence in the churches, for it is not permitted unto them to speak."

Speaking of the affair, the bishop said that when he gave the league the right to hold the convention in the cathedral he was under the impression that Rev. J. A. McCuaig, the New York reformer, was to speak.

The meeting of the league will be held in New York, where Mrs. Grannis will address it.

## SCHOOL BOARD

May Appoint a Janitor This Evening

The school board will hold its regular meeting at city hall this evening and an important item of business will be the appointment of a school janitor to fill the vacancy caused by the death of Patrick Mulvaney, one of the best liked men in the janitorial service. There is a long eligible list headed by Mr. John Roarke.

## SENATOR DEPEW

Releases the Republican Senators

ALBANY, N. Y., March 28.—There was no choice for United States senator on the 50th ballot today. Voting was along the lines of last night's caucus ballot. Senator Brackett today received a telegram from Senator Depew releasing the republican senators from their obligation to vote for him as the minority caucus candidate.

Senator Depew's telegram reads: "E. T. Brackett, Albany. I judge from press despatches that a crisis has arisen in the senatorial situation. I believe it to be the highest duty of the legislature to secure full representation in the senate for the state of New York in the extra session which convenes April 1. I would not wish my name to be a hindrance to the consummation above suggested. With full appreciation of and gratitude for the united support the republican members of the legislature have given me I will be entirely satisfied with whatever seems to them best for the interest of the state."

(Signed) "Chauncey M. Depew."

## WANT MORE PAY

Telegraphers Threaten General Strike

NEW ORLEANS, March 28.—A general strike of telegraphers employed by the Illinois Central railroad will be called on April 1 if the demand of the men for a 20 per cent. increase in wages is not granted, according to local representatives of the telegraphers. It is claimed by the men that the road has discharged more than 300 operators within the last few weeks.

## BOMB EXPLODED

Man Had Received "Black Hand" Letter

CHICAGO, March 28.—Residents of the South Side Italian colony were thrown into great excitement today when a bomb was exploded in the doorway of the saloon of Soto Sauto on Wentworth avenue. The saloon keeper and his family, who were asleep on the second floor, were thrown from their beds, the front of the store was wrecked, a Newfoundland dog was killed, and windows for a radius of a block were shattered.

## JOINT CONVENTION

Will be Held at City Hall This Evening

But a Ballot May Not be Taken, According to Report—Other City Hall Notes of Interest

The aldermen will meet in special session and the council in regular session this evening at 8 o'clock and the much discussed joint convention will be held according to the schedule at city hall.

The holding of the joint convention, however, does not necessarily mean that a city clerk and a city treasurer will be elected and the political forecasters at the municipal building are of the opinion that there will be no election tonight. The indications point to a record-breaking attendance.

**Appropriations Committee**

The appropriations committee will meet this evening at city hall at 7:30 o'clock.

**Diphtheria Cases**

There are 14 cases of diphtheria in Lowell at the present time, according to the health board reports, which is about the average for the past three months. The number of cases is not alarmingly large.

**Boy Scout Meeting**

Mayor Meehan has sent out the following letter relative to the Boy Scout movement:

Dear Sir: The new movement called the Boy Scouts of America has been brought to my notice with the suggestion that it might well be fostered by the city of Lowell.

The city of Columbus, Ohio, and other municipalities have utilized this means of training good citizens under their recreation department.

**Knights of Columbus**

There will be a meeting of Lowell Council, 72, Knights of Columbus, tonight at 8 o'clock to take action on the death of our late brother, Harry L. Timmons.

## PEPIN THE TAILOR

HAS RETURNED WITH NEW STYLES AND SHADES

Mr. J. N. Pepin, the high class custom tailor with establishment at 19 Thorndike street, returned from New York this morning after a visit for the purpose of acquiring the latest spring styles.

Although his time was limited owing to the "spring rush" being on when he left this city, Mr. Pepin paid a call to his friend, Mr. Rude of the New York cutting school, one of the largest schools for the advancement of the cutting art in the states, and received many of Mr. Rude's original ideas, for the correct fitting and cutting of garments, which he will use to advantage this spring.

## PLACING THE BLAME

For the Terrible Fire Horror in New York

Investigation Resumed by the Officials—Architects and Fire Experts Making an Investigation of the Fire Laws

NEW YORK, March 28.—Sifting down the great mass of testimony at their disposal, city and county officials hoped today to draw closer to the source of responsibility for Saturday's fire horror in which 142 persons lost their lives. Investigations started yesterday by Fire Marshal Beers and District Atty. Whitman, were continued and in other official quarters the effort to place the blame was kept up with undiminished vigor.

While officialdom was thus struggling with the crucial questions which are being asked as to the underlying causes of the disaster, the East side continued the mournful task of burying its dead. Added to the 50 funerals of yesterday, as many more were held today. There remain 29 bodies so badly burned that identifications seemed improbable.

Aside from the probe into the causes of the disaster, undertaken with a view to bringing whoever is culpable to an accounting, architects and fire experts are engaged today in examination of exits in fire laws with a view to legislation for preventing further horrors.

## GOODWIN DIVORCE DECREE

NEW YORK, March 28.—An interlocutory decree of divorce in favor of Edna Goodrich Goodwin, the actress, from her husband, Nat Goodwin, the comedian, was signed today by Supreme Court Justice Giergerich. Miss Goodrich is given permission to marry again, but Mr. Goodwin is denied that permission during the lifetime of his former wife.

## LOWELL'S BRIDGES

Mayor Wants Support for Senator Hibbard's Bill

Which Provides That the County Shall Share Expense of Bridges Across the Merrimack in Lowell as is Now Done in Essex County

Some time ago Senator Hibbard introduced a bill in the senate providing that Middlesex county pay part of the expense of maintenance of bridges crossing the Merrimack river in Lowell. As chairman of the committee on roads and bridges Senator Hibbard learned that the Trussboro bridge is the only bridge in the county crossing the Merrimack that is supported even partially by the county, while in Essex county, Lawrence, Haverhill and Newburyport receive assistance in the maintenance of their bridges.

Mayor Meehan has taken up the matter and has sent the following letter to the city council:

Lowell, Mass., March 28, 1911. To the City Council of the City of Lowell: Gentlemen: I desire to call your attention to a bill introduced in the legislature providing for payment by the County of Middlesex, of part of the expense of maintenance for the bridges crossing the Merrimack river, in Lowell. All the bridges crossing the Merrimack river in Essex county are in part supported by the county and I feel it is unjust that Lowell should bear the whole bill for its bridges, when Lawrence, Haverhill and Newburyport pay but part.

I trust the city council will adopt a vote in favor of this bill and instruct the city solicitor to appear in behalf of the city.

Respectfully yours, John F. Meehan, Mayor.

## MAYOR ASHLEY

Man Who Runs New Bedford is Coming

Mayor Ashley of New Bedford, who has been chief executive of the whaling city almost beyond the memory of man, is the latest celebrity to accept an invitation to be with us in Lowell on April 19. Rep. F. D. Bartlett of Plymouth is coming if possible. Here are the letters:

New Bedford, Mass., March 25, 1911. Hon. John F. Meehan, Mayor, Lowell, Mass.

My dear Mayor:—I desire to thank you for your kind invitation to be present at your 50th anniversary of the march through Baltimore, to be held in your city, April 19th. I assure you I shall avail myself of the opportunity to be present.

Very truly yours, Charles S. Ashley, Mayor.

**Wants Five Railroads to Refund  
Sum of \$51,000**

WASHINGTON, March 28.—A complaint demanding reparation aggregating more than \$51,000 from five railroads was filed today with the interstate commerce commission by the New England Coal & Coke Co. of Boston. The defendant railroads are the Norfolk & Western, the Baltimore & Ohio, the Chesapeake & Ohio, the Virginia railroad and the Western Maryland. It is alleged that the railroads include in their through rates on coal shipped from Virginia and West Virginia points to Boston a charge of 3 1/2

cents a ton for "trimming" or "levelling" the coal after it is discharged through the chutes in the coal holds of the vessels which carry it from tidewater to Boston. The complainant company employs vessels, it asserts, that have occasional coal holes in which the coal, it is declared, trims or levels itself. It is averred therefore that the charge for trimming is excessively unjust. The commission is required to order the discontinuance of the charge and to award the complainant reparation as indicated.

## LICENSE FEES

Have Been Reduced by  
Lawrence Board

LAWRENCE, March 28.—The license commissioners held a meeting last night and voted to make a reduction of \$700 in the price of first class licenses, bringing the license fee down from \$2500 to \$1800.

The change was made on account of the bar and bottle bill. Under this act dealers who sell liquors to be drunk on the premises cannot sell bottled goods. In other words the retailers are deprived of the privilege of selling bottled goods. Under the new law they will be deprived of considerable revenue and this fact undoubtedly had some influence in causing the commissioners to make the change.

The wholesalers or holders of fourth class licenses will be compelled to pay a license fee of \$3500, the same as in other years. Inholders will be as-

essed \$2800; brewers, \$2500; clubs, \$500; druggists, \$1; dealers in paints and oils, \$1.

Chairman McCarthy said last night that he did not know when the call for applications would be issued.

## KILLED HIMSELF

LAWRENCE MAN COMMITTED  
SUICIDE BY SHOOTING

LAWRENCE, March 28.—Louis B. Talbot committed suicide yesterday by shooting himself in the head at 72 Hampshire street, where he conducted a jewelry store, with living apartments in the rear. He had been acting strangely of late, it is said.

He was formerly a prominent socialist, and at one time was the party candidate for senator in the 5th Essex district. He leaves a wife.

# THE B. & N. ROAD

Ordered to Pay Fines  
of \$100

LAWRENCE, March 28.—A hearing on the complaint that the Boston & Northern street railway company refused to allow pupils residing in North Andover and attending the Lawrence Industrial school, to be conveyed to and from school at half fare was held Monday afternoon before Judge N. P. Frye in North Andover.

The hearing was on the complaint of Chief of Police Joseph L. Leighton. The pupils involved are F. R. Bishop, Jr., Hubert Whiting, Leo Lamb and Raymond Swan. Principal Dooley of the Industrial school was a witness and after hearing his testimony Judge Frye found the railroad company guilty and imposed a fine of \$25 in each case.

The company appealed and the case will be taken to superior court. The Boston & Northern was represented by Attorney C. J. Lamson of the firm of Warren Garfield, Lamson and Whitlaw of Boston.

Like action was taken several weeks ago by Judge Frye in five similar cases.

## PREFECT MORAIN

WANTS TO KNOW ABOUT DUTIES  
ON CHINAWARE

PARIS, March 28.—Foreign Minister Cruppi today received M. Morain, prefect of Haute Vienne, who wished to be informed regarding the proposed action of the American treasury department in abrogating on May 1st its arrangement with the Limoges chamber of commerce.

This agreement provided the basis for custom duties on imports of china-ware into the United States from Limoges.

Recently notice was given that after May 1st these imports would be assessed by appraisers in the same manner as other imports are.

Mr. Cruppi stated that Ambassador Jusserand had cabled assurances that most of the difficulties had been removed and he expected that satisfactory solution of the matter would be found, with the result that the Limoges products would be allowed to continue to enter the American market without hindrance.

CHIHUAHUA, Mexico, March 28.—News that insurrectos were congregating in some force at San Andres, 45 miles west of Chihuahua, caused some excitement today. Whether the gathering of rebels meant preparations for peace negotiations or a projected attack on Chihuahua could not be learned. Colonel Soto, with 150 men, moved on San Andres last night. One hundred federals from the south embarked at Escalon last night to protect the road to Sierra Mojada.

## NON COMBATANTS

ARE STRUGGLING TO GET OUT OF MEXICO

EL PASO, Texas, March 28.—Thousands of non-combatants in the war bound sections of northern Mexico are struggling to get out of the country. It is reported by refugees who have been able to reach the American border.

Many women and children have no means of transportation. Others are afraid to attempt to make a living in a country foreign to them and still others are restrained by the fear that their property will fall into the hands of the insurrectos.

Seventeen families on the border near El Paso today applied to customs officials to be allowed to bring their horses and household goods into this country. They pleaded that they were tired of fighting to preserve their property at the risk of their lives. Many families in Juarez are moving to the American side of the river because of persistent rumors that Juarez eventually will be attacked by the insurrectos. Business in Juarez, however, continues seemingly as usual.

## SHELDON ARRESTED

Said to Have Been Involved in  
\$2,000,000 Embezzlement

PITTSBURG, March 28.—Charles D. Sheldon, alias Charles D. Washburn of Montreal, Canada, who is wanted in that city on charges of embezzlement, said to involve nearly \$2,000,000, was arrested in the local financial district yesterday.

Sheldon, who is also known as C. V. Ross, admitted that he was a fugitive from Canada. When the detective approached Sheldon, he made a desperate attempt to escape, and was captured only after an exciting chase. When brought to the central police station, he called up a local stock broker and gave orders to close out their deals on the local stock exchange.

VITERBO, Italy, March 28.—The trial of the camorrist, the adjournment of which, on Friday, interrupted the recital of the informer Gennaro Abbate-maggio, was continued today.

Abbateggio, in the last three days, has received many letters and telegrams congratulating him upon his confession and he has also been the recipient of many threats. ## FIRE APPARATUS

Question of New Autos  
Discussed

The committee on fire department held its first meeting of the night last night, Alderman Joseph Jodoin, chairman of the committee, presiding. The question of new apparatus for the department was discussed at considerable length and it was voted to inspect the apparatus and buildings. During the course of the meeting the recent conflagration in New York where 160 persons lost their lives was also talked over.

The meeting was called to order at 8.30 o'clock and in opening the chairman suggested a thorough viewing of the fire apparatus and buildings. It took two or three afternoons to do the work.

Alderman Flanagan asked what could be accomplished by an inspection of the fire houses and Mr. Jodoin said by doing so the committee could get in touch with the existing conditions.

Councilman Achin asked relative to a petition for a fire alarm box on Sanborn street near Durant street and after the petition was located it was voted to take a view of the locality. Mr. Achin also spoke of an automobile apparatus for the High street engine house. Councilman Achin believed that no new house in the Oakland would be needed if auto apparatus is

## AUTOMOBILE NEWS

GREAT BUSINESS

For Lowell Automobile  
Dealers

MANY MACHINES SOLD THIS  
SPRING

Scores of Prospective Purchasers in  
Sight—The Big Touring Cars Are  
Attracting Attention—Big Increase  
in Commercial Wagons and Trucks  
Looked For

The indications at the present time for a successful season in the sale of automobiles in this city are very bright. If what the local automobile dealers say can be taken as a criterion. Of course there are some pessimists who claim that it is going to be a dull year but the majority of the local men think otherwise and many of them have reason to believe that the sales this year will be far in excess of those in previous years.

There is an increased demand for large cars, although many cling to the idea that it is preferable to have the runabout, claiming that the first cost is less and the upkeep smaller, but the principal matter to take into consideration is the care of the car, whether large or small, and many owners of big seven passenger cars in Lowell today find that the cost of upkeep has been small, while on the other hand a number of owners of small cars have found that it is very expensive to operate an automobile, but the latter are those who do not understand how to properly operate or care for the machine.

There are cars owned by Lowell men which have gone 10,000 miles and over during the last year without a single adjustment having been made and in these cases the cost of upkeep has been small. This year, however, the commercial wagons and big trucks will attract more attention than heretofore and dealers expect that in comparison with other years there will be a bigger proportionate increase in the sale of commercial wagons than there will be in pleasure cars.

A few years ago the small commercial wagons were a rarity and until recently the sight of a heavy truck attracted more than passing attention. Even by the person who did not know the fact that these are automobiles. In Lowell today there are about fifty commercial wagons and the continual increase in the sales of these vehicles is evidence that the wagons are doing better, quicker and more work than the horse drawn wagons and at a reduced cost.

One thing noticeable in Lowell, however, is the absence of many big trucks which carry from one and one-half to five tons. It is doubtful if there are more than three of these big trucks in Lowell, but it is expected that before the end of this season there will be scores of them running through the streets.

While there are a great many more pleasure cars in Lowell than in Lawrence, the down river city can boast of having almost ten times as many heavy trucks as there are in this city.

It was noticed at the automobile show in Boston this year that the commercial vehicles attracted practically as many people as did the pleasure cars.

The Lowell Automobile Corporation in Appleton street is the scene of great activities these days and Messrs. Fred Emerson and Salesman Thomas E. Hustwick are of the opinion that there is a bright outlook for a very successful season. A number of sales have been made up to date, there are many prospective purchasers who have called and examined the different models of automobiles and Buicks and have signed their intention of purchasing within the next 30 days and still again there are other people who do not purchase machines until just a short time before the formal opening of the automobile season.

Owing to the large amount of repair work on hand and inasmuch as some people wish to use their cars the corps of mechanics in order to get the work out as soon as possible. The wise automobile owners who do not intend to purchase new cars this season sent their cars to the garage last fall or early in the winter and the machines after getting a good overhauling are now ready for use.

The popularity of the Buick cars does not seem to have shown any signs of decreasing this year and Mr. Hustwick states that if the car did not show up during the past few seasons there would not be the demand for it that there is this season. Last week five cars were purchased and so far this week there have been two cars sold.

Dr. Ralph Parker has bought a Model 26 Buick as has George Fairburn and Max Katz has ordered a Model 10.

Mr. B. J. Mahoney, district plant chief of the New England Telephone & Telegraph Co. has purchased a very attractive Model 26 Buick. The car is finished in battle grey and has beautiful lines, having a large oil and gasoline tank and trunk on the rear.

George B. Dana, who conducts the garage and automobile salesrooms at the corner of East Merrimack and Statepole streets, has a very attractive

display of Stevens-Duryea, Chalmers and Hudson cars. He reports a good business this year having sold many cars and has prospective buyers in hand. Mr. Dana has just returned after a two days' business trip to the Stevens-Duryea factory at Chicopee Falls, Mass.

Paul B. Chandler of Third street, Centralville, has been driving a racy looking Reading 40 through the streets for the past week or more. The car is new to these parts but if the mechanism and general makeup of the machine is in keeping with its attractive manner which it has since the Boston show he will not have any complaint to make.

Arthur G. Beharrell, local agent for the Vello, with headquarters in Middle street, is demonstrating the 1911 models of that make. All who have ridden in the Vello claim it to be a slick running machine with many advantages over other cars. Mr. Beharrell has orders for four cars and states that if business keeps improving in the same manner which it has since the Boston show he will not have any complaint to make.

William S. Grady, agent for the Regal, with salesrooms at the corner of Bridge and Paige streets, reports the sale of six Regals of different types, and speaks in the most glowing manner of the prospects of the future.

Mr. Grady is anticipating taking the agency for the Reliance trucks in this vicinity.

Those who are of the opinion that the steam machines are not as popular now as they have been in years past, should have a talk with Tom Villiston, agent for the Stanley, and if he cannot convince them that the steam is the machine, no one else in this vicinity can.

The Moody Bridge garage at the corner of Moody and Pawtucket streets, is a place of hustle and bustle and many new cars have been shipped from the factories to that place during the past week. Sales of Knox and Oakland cars have been numerous this season.

Prof. Edmond H. Mercer, who conducts an auto livery, with headquarters at the City Hall garage, is a very busy man these days. He has been called for the excellent cars he uses and the service. While business has been good with him all winter, he will have his hands full in the future, and those who desire to use his service, had better telephone their orders ahead of time.

Despite the fact that the auto police patrol has been in service for several months, it still attracts attention as it whizzes through the streets.

Harry Sanders, driver for Chief Foster, who has now mastered the intricacies of the new automobile, says he never realized until lately how far superior the self-propelled machine is to the horse.

Many inquiries have been made as to the policy of the city in regard to the police and fire patrols to secure licenses to operate the machines. According to the law it is not necessary. At least one of the drivers of the police patrol has a chauffeur's license and it is understood that the drivers of the police patrol and those who are driving the police patrol who have no licenses are soon to take examinations.

It is rumored that one of the large garages in this city is soon to change hands.

The reckless driving of automobiles through Merrimack square has caused considerable comment and should be stopped, for endangers the lives of many, and causes many people to look unfavorably on automobiles in general, which is a reflection on the careful drivers.

FLYING DUTCHMAN  
JAGERSBURGER ENTERED IN INTERNATIONAL RACE

Joseph Jagersburger, "The Flying Dutchman," is the third race car driver to enter in the 500-mile international sweepstakes race for a purse of \$25,000 over the Indianapolis Motor Speedway, Memorial day, May 30, and the ninth entrant for that event. Jagersburger has been a strong contender in many of the big speed events of the country and has shown himself a fearless driver behind the wheel. He is a team mate of Louis Larsonneur and Lewis Strang, the latter being captain and manager of the team.

Jagersburger is a native of Vienna, Austria. He came to America in 1902 when he left C. L. Charley, with whom he had been demonstrating the Mercedes car in Paris for two years preceding. Leaving Paris he came to America with Mr. Harry Harkness, the New York multi-millionaire sportsman.

During the year 1903 Jagersburger handled the racing machines of Harkness. His most notable performance was at Elkhart Park on the 4th of July, 1903, when he made the American 100-mile track record. This performance was so good that it withstood the attacks of all other record-breaking drivers for a period of three years. George Robertson, the famous American driver and afterwards winner of the Vanderbilt cup race, rode with Jagersburger in this race as his mechanic. This was smiling George

Robertson's baptism in the auto racing game.

Jagersburger coached and rode with Harkness in all the runs he made and was with Mr. Harkness when he established his famous record up Mt. Washington in the Climbo-to-the-Clouds from the base of the mountain to the summit. Jagersburger also rode with Mr. Harkness when he established the New York to Boston record of 251 miles in 6 hours and 24 minutes. This record stands today and is one of the most remarkable long distance road runs ever accomplished.

Driving the Mercedes cars, Jagersburger took part in most of the track meets at the Empire City track, New York, and Readville track, Boston, Mass.

The last race in which Jagersburger participated was the Fairmont Park race in Philadelphia last fall. The car which he handled was the property of and was to have been driven by Mr. Edw. Schroeder, the millionaire owner of "Dixie No. 2," America's most famous racing boat. Mr. Schroeder had an accident three days before the race when he ran into a telegraph pole, and he then decided not to drive but agreed to let Jagersburger take the car provided he could repair it in time. By working three days and three nights Jagersburger was able to put it in shape in time to start the race but without getting any chance for practice. Starting with these handicaps he made a most remarkable run, finishing third in a race in which thirty-two cars started.

Besides being a fearless driver, Jagersburger has a reputation as one of the best motor constructors in the world. He spent four years in the Mercedes factory at Cannstadt, Germany, and his tuition under the heads of that famous factory was a training that insures Jagersburger as being an expert.

LOWELL RACES

Now the Time to Discuss Plans

The question as to whether there will be any automobile races in Lowell is now being discussed in a general way, especially by the automobile owners and enthusiasts. If we are to have races, plans should be formulated at once in order that the different details may be discussed at length.

The course is ideal and there is not the slightest doubt that all of the big drivers throughout the country would come to this city if suitable prizes were offered for all who have tried the course claim it the best in the country for road racing.

The bill recently passed by the legislature gives the city of Lowell and the town of Tyngsboro permission to vote relative to the holding of speed contests. Of course if the races are to be held there will be more or less kicking by disgruntled persons, some of whom reside on the course and others who always object to anything that is a benefit to a community and the public at large.

It is understood that there is a quiet movement now on hand to conduct the races and that in a short time an announcement will be made, but those who have been conducting the contests heretofore on the Merrimack Valley course are not giving out any information.

If we are to have races let it be for only two days, one day for light cars and the other for the big cars. Furthermore, it would be advisable not to make such elaborate preparations as for the last race.

Inflation of Tires  
If every motorist would always be careful to keep his tires inflated to the proper riding pressure at least 40 percent of tire trouble would be eliminated. The majority of tires that go wrong do so because they have been ridden without sufficient inflation. The weakest part of a pneumatic tire is the side walls, for here most of the bending action takes place. The more the side walls are bent the sooner they will break down and separate. If a tire is run partially inflated this kneading action is violent and the tire is bent sharply every time it hits an obstruction. If a tire is kept properly inflated the converse is true. The average motorist inflates his tires until they look fairly round under a load and then lets them go at that. But the tire may be perfectly round under load and yet have only forty-five pounds of air in it when it should have ninety. No amount of kicking or feeling or looking at the outside of a tire will tell what the air pressure is inside. The use of a reliable air pressure register is the only way to accurately determine whether or not your tires are sufficiently inflated.

AUTO OWNERS  
HAVE FILED PETITION FOR AN EASIER LAW

BOSTON, March 28.—The committee on roads and bridges gave a hearing

BOTH UP ALL NIGHT.  
Wife (weeping)—"I haven't slept a wink all night."  
Husband (thick)—Well, goodness (hic), neither have I."

yesterday on the bill to define the word "way." Atty. W. L. Thibodeau for the Automobile Legal association said that the bill was put in at the suggestion of judges of the superior court in order that the law be made more explicit. Mr. Sargent also favored the bill. No opposition; hearing closed.

A hearing was also granted on a second bill to amend the automobile law of 1909 by striking out the minimum penalty for reckless driving or speeding. Mr. Thibodeau also spoke in favor of the bill. He said that the present statute with its minimum fine works a great hardship on the automobile operator who may unintentionally or in fact without knowing it at all violate the law. As it is now in some cases the automobile may not only be fined \$50, but have his license suspended for 30 days in addition. It is his third appearance in court. He himself had been asked by Judge Churchill of Dorchester why he didn't have the law changed. He said that he could assure the committee that the judges are not too friendly to automobilists.

ON JOURNALISM

Lecture Under Christian Science Auspices

An evening devoted to the subject of "Clean Journalism" was conducted by the Christian Science church, last evening, with a large attendance. The meeting was presided over by Albert R. Honig, first reader, and the speakers were F. Arthur Spence and Rev. George F. Kennigott.

In opening Mr. Honig stated the objects of the meeting as a part of the scheme of the Christian Science church and societies to hold 100 meetings simultaneously to advocate clean journalism in news, in advertising and editorial expression. The same address was to be given at all the meetings. Mr. F. A. Spence read the address which was in part as follows:

Clean journalism must appreciate the brotherhood of man. It must recognize no difference between the worthy poor and the multi-millionaire. It must encourage those who succeed and encourage those who fail. It must believe in the country and its workers. It must deal with measures more than with men.

Broadly speaking, yellow journalism comprises the newspapers and periodicals that are without conscience; those publications which pander to the prejudices and passions of the ignorant. When you take up a newspaper, you have before you a window through which you should look upon the activities of mankind. Why disaster and crime should be considered matter for blatant display, and the good that mankind is doing hidden away, no one seems able to reason out. More than 40 years ago, journalistic endeavor was wrested from its well established position of editorial worth, and since then the standards of newspaperdom have been ephemeral. The unthinking publisher of today's paper will tell you that the public demands the class of journalism in existence, but to the thinker it is patent that the public takes what it gets, reads the black type statements and in a skeptical attitude turns elsewhere for instructive information.

Although modern editors as a class are of great ability, their energies are hampered by what is termed business policy. Thirty years ago a newspaper's contents were extremely small, compared with the contents of the newspaper of today. This was due to the fact that newspaper facilities were in process of development. But in those days, editors and publishers were glad to have their publications measured by the standard of their editorial championship, and not upon a basis of having carried so many thousands of copies of advertising more than their contemporaries.

Clean journalism pre-eminently fills the growing desire for wholesome news. It tells of upbuilding and progress in all human endeavor. It voices same optimism and champions the good and right in community and world-wide interests and undertakings. It inculcates respect for law, order and allegiance, to constituted authority. In short, it seeks only to build up, not to tear down, the social fabric; to promote every agency that makes for human enlightenment and betterment.

But reform in news does not fully meet the need. The character of advertising accepted and the general business policy of the modern newspaper as well must be improved. If the ideal in journalism is to be attained, every thinking merchant who is desirous of extending his business, or is making a battle to hold his trade, every newspaper and magazine publisher who discovers a growing distrust among his advertising clientele—every advertising agent, who daily discovers it more difficult to convince the thinking merchant and manufacturer of the value of advertising—is now engaged in a careful, but nevertheless vigorous battle for conservation of the elemental force of publicity.

Rev. Mr. Kennigott spoke at some length endorsing the movement for clean journalism and said he believed the papers of Lowell were trying to reach a high standard.

COL. ROOSEVELT

Says Forests Should be Safeguarded

SAN FRANCISCO, March 28.—As a guest last night at the Fairmont hotel at a "family dinner" of the Commonwealth Club, 700 of whose members were present, Colonel Theodore Roosevelt warmly defended conservation of national resources.

He appealed for the nation's right to safeguard the forests and waterpower. If interference with the states proved necessary, but declared that he was not opposed to the federal government's right to protect its property as long as it did so.

"Shall we surrender our Alaskan lands?" If so, to whom? To that insignificant aggregation known as the Guggenheim syndicate of Colorado and the Moravia syndicate of New York. Thus, in matters of local importance and self-government, we are asked to turn over Alaska's great resources to capitalists of Colorado and New York."

He wished, he said, to have wealthy men from the ruin they would bring on themselves if they could have their way in monopolization. "It is because I am against revolution and the doctrine of extremists among socialists, and because I wish to secure this country against the time when the 'have-nots' shall rise against the 'haves' that I want to see the doctrine of conservation prevail in order that the whole people may enjoy their possessions instead of permitting a few men to create a monopoly that would result in a reign of violence and disorder."

DISOWNED SPOUSE  
HAS BEEN SUED BY HIS WIFE

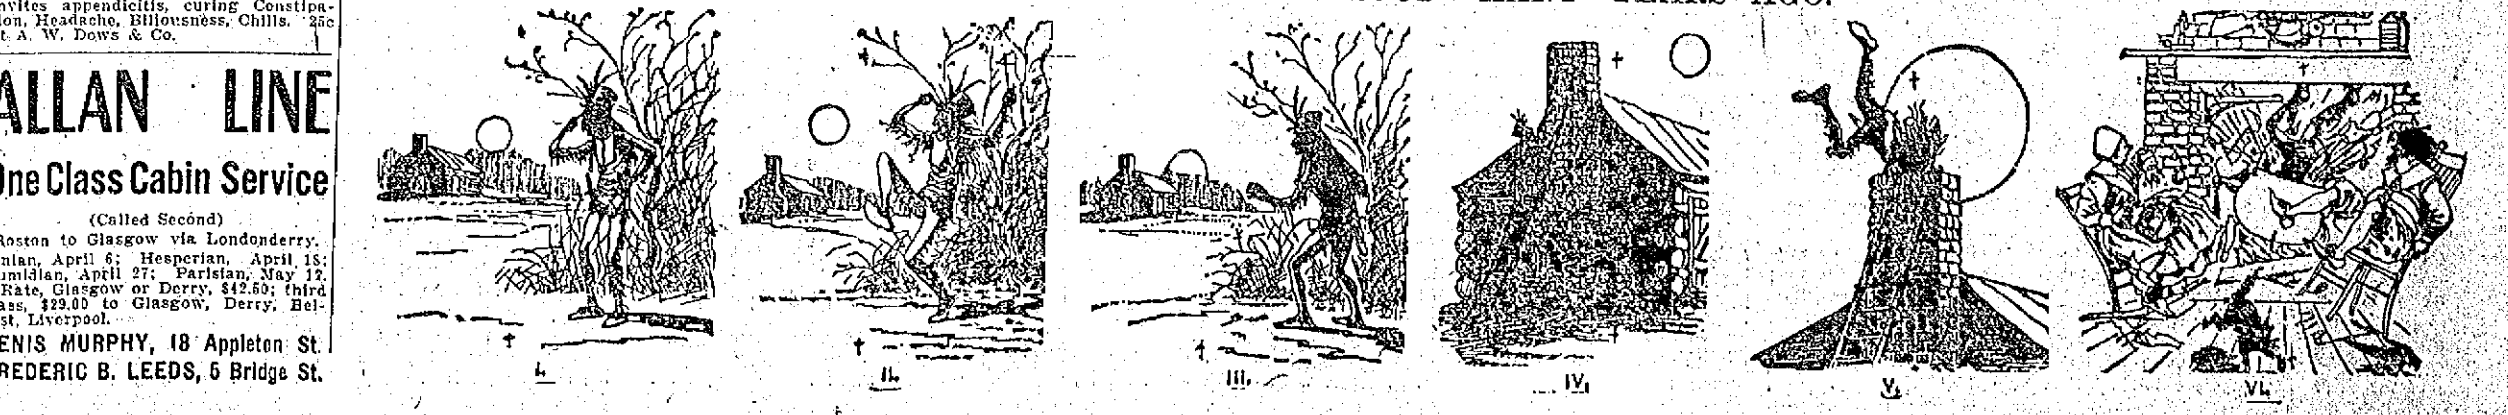

NEW YORK, March 28.—Eugene Folkes, 319 West Forty-sixth street, is quite sure that he married the young woman who had him haled to the Tombs court Saturday on a charge of annoying her. The young woman, Annie Belle Merry, of 123 West Ninetieth street, told Magistrate Freschi that she had never married Folkes. She said that she was the wife of Eugene Merry of 123 West Ninetieth street.

Although the young woman appeared against Folkes, she herself was under arrest at the time. Folkes had charged that in marrying Merry she had been guilty of bigamy and she is being held for extradition to New Jersey, where she has been indicted upon Folkes' charge.

Folkes told Magistrate Freschi that he and the woman had been married at the Borough Hall in Brooklyn in 1908. His wife lived with him, he said, until 1903, when she left him and married Merry. Two months ago she had been placed under a \$1000 bond for good behavior, which meant in this case that he keep away from the woman.

Magistrate Freschi decided that Folkes had not forfeited his bond, and set him free.

# REBUILDING BRIDGE

## B. & M. Road Begins Work on Gorham Street Structure

The Boston & Maine railroad is preparing to build a new overhead bridge in Gorham street. The company has already raised the old bridge and the Bleachery station, the raise in both cases being about 18 inches. The work of raising the bridge and station and the necessary grading will require six or seven weeks. One of the tracks has been taken up and for the time being the inward and outward trains are using the same rail.

### WORK OF ART

#### COMPLETED BY LOWELL MAN FOR HOBOKEN AUTHORITIES

William R. Haag, a clever young artist of this city, recently in the employ of the P. R. Warren Co., has just completed an elaborately engrossed set of resolutions for the board of education of West Hoboken, N. J., on the death of Robert Waters, former supervisor of schools. The resolutions are a work of art and include a representation of education and its lamp burned out with the female figure of Education placing a laurel wreath on the grave of the deceased. A portrait of the deceased in water colors is a feature of the memorial. The general work is what is known as the wash drawing process while the name of the deceased in large letters is of embossed engrossing.

### TWO ACCIDENTS

#### INJURED MEN ATTENDED AT EMERGENCY HOSPITAL

William F. Moran of 18 Pollard street, this city, received burns on his left hand while working in a Lawrence bobbin shop last week, and paid no attention to the wound. Blood poisoning set in and yesterday the man applied at the Emergency hospital for treatment.

Robert Bailey, aged 40 years, suffered a painful accident while working at the Union market in Middlesex street this forenoon. Mr. Bailey who is a meat cutter went in the rear shop and there in some unaccountable manner came in contact with a large hook suspended from the ceiling, and suffered a bad scalp wound. The injured man was removed to the Emergency hospital, where Dr. Arthur W. G. Stahler closed the wound by taking four stitches.

### FUNERALS

MANDEVILLE—The funeral of the late Antoine Mandeville took place at 2 o'clock yesterday, from his late home, 504 Suffolk street, and was largely attended by friends and relatives of the deceased. The bearers were Napoleon Dagle, Theophile Courtois, Arthur Dienne, Louis Mandeville, Napoleon L'Heureux and Paul Marchand. The Burial Service was represented by John J. Quick, Robert N. Riley, James E. Sullivan and William Buckle. Among the floral tributes were a large cross on base, from the Bartenders' union, another cross on base with inscription "At Rest," Mr. and Mrs. D. J. Gannon, large spray, Louis Mandeville. Burial was in the Paderborn cemetery in charge of Undertaker Amedee Archambault.

HERLIHY—The funeral of the late Miss Annie Herlihy, a devout attendant of St. Patrick's church, took place yesterday at 3:30 o'clock from the home of her sister, Mrs. Florence Donahue, 132 Mt. Vernon street, and was largely attended by sorrowing relatives and friends, including a number from out of town. Among the latter were Mr.

Jeremiah Driscoll of Medford, John Herlihy of Rowley, Mass., and Mary Driscoll of Tewksbury, also in attendance at the funeral was a delegation from Fannie Farnell Court of Foresters of Lawrence, Mass., of which deceased was an esteemed member, consisting of Miss Mollie Reardon and Miss Annie McLaughlin. At 9 o'clock a mass of requiem was sung at St. Patrick's church by Rev. Timothy Callahan. The choir under the direction of Mr. Michael J. Johnson sang the Gregorian mass, the solos being sustained by Miss Alice E. Murphy and Mr. Andrew McCarthy. Mr. Johnson presiding at the organ. Among the many beautiful floral tributes were a large wreath on base inscribed "Cousin," from Miss Catherine Driscoll; pillow inscribed "Annie," from the Donahue family, and a spray from Miss Nellie Driscoll. The bearers were Robert A. and Fred A. Donahue, Jeremiah Driscoll, Cornelius O'Connor, Richard O'Brien and John Herlihy. At the grave Rev. Father Callahan read the committal prayers and the burial was in the St. Patrick's cemetery in charge of Undertakers J. F. O'Donnell & Sons.

### FLIM FLAMMERS

#### Got Away With \$1500 From Waiter

BOSTON, March 28.—The time-worn "handkerchief game," in a modified form, was worked yesterday afternoon to the extent of \$1500 upon Carlo Ambrosini, a waiter, who lives at 138 Elliot street.

Pretending to be Italian noblemen and personal representatives of Queen Helena of Italy, two men made the acquaintance of Ambrosini in the hotel cafe, where they spent money lavishly.

According to their story, they had been sent to the United States to establish a relief fund to be used for the benefit of Italians who had become destitute.

Ambrosini in telling of cases of his countrymen who were in exceptionally unfortunate circumstances, mentioned the fact that in the few years he had been in this country he had managed to save up \$1600.

The two "noblemen" immediately became interested and thought because of his honest face they would appoint him head of the Boston bureau.

"We have \$3000 as the first deposit in the bureau," they told him, "and if you will show us the \$1500 you say you have and convince us that you are reliable we will give you the appointment."

Yesterday the waiter drew the \$1500 from the two banks and joined the men in a lodging house on Common street.

The two bogus noblemen used a tin box, and after Ambrosini had placed the \$1500 in it pretended to put in the \$3000 in ready dropping in a silver box, a towel and a roll of old paper and extracting the roll of \$1500.

Then they gave the tin box to the waiter and the three left the house.

# INVESTIGATION INTO NEW YORK

## CITY FIRE HORROR IS BEGUN

The scene of the fire. Fire Commissioner Waldo and Chief Edward Croker, have publicly expressed their indignation at what they term the laxity of factory inspection in this city. Mayor Gaynor has issued an appeal for help for the families of the victims. These were some of the results of the deep feelings of horror and sympathy aroused by the worst disaster New York has had since the General Slocum steamboat fire. The accompanying photos show views at the scene of the fire. The hole in the pavement was caused by the impact of falling bodies, revealing the force of their fall. The elevator door shown was pushed aside by frantic girls, and sixty of them plunged down the shaft over 100 feet to their death. Fire Chief Edward Croker did not hesitate to express the alarming opinion that there were many buildings in the city every bit as dangerous as the Asch building. "There are buildings rated as fireproof, there are office buildings," he said, "that are likely to stir the people any day over a big loss of life. I predicted this loss of life, and I predict an even greater loss of life unless fire escapes are put on all buildings in which there are a great number of persons, such as this one."

### THE K. OF C. FIVE

#### Won Two Points From St. Peter's

The Knights of Columbus team of the Catholic league won two points and the total from the St. Peter's team last night. Bernard of the knights was high man with a single of 117 and a triple of 225. J. E. Donohue of the losing team went over the 300 mark, having over one in each of the three strings.

Two teams made up of members of the Manufacturers' league, which season came to a close several weeks ago, met on the Crescent alleys last night, and the first team defeated the second team by a score of 1415 to 1485. Pillsbury of the winning team, with a triple of 315, was the only man to go over the 300 mark.

In the minor league series the rogues won two points from the Cuckoos. Fielding of the winning team was high man. The scores:

# LOWELL BILL VETOED

## Governor Turns Down April 19th Appropriation

Governor Foss yesterday sent to the senate a message announcing his veto of the bill to appropriate \$3500 for the city of Lowell with which to observe the 50th anniversary of the old Sixth regiment on April 19.

The governor's message, which was put over until today for consideration, was as follows:

"I return without my approval senate bill No. 384, which appropriates funds from the state treasury to be expended upon a 'military commemoration' in Lowell, on April 19th, to mark the 50th anniversary of the first shedding of blood by union troops in the Civil war.

"In my judgment no helpful service to the people of this commonwealth or to the people of the nation can be rendered by this commemoration of bloodshed in battle between the then opposing sections of this country.

"Nearly half a century has passed since the principal events of the Civil war, and in so far as it is still right and proper to apply the public funds to mark any of these events, it is more fitting, as a rule, for us to use them to insure the support and comfort of needy veterans.

"If any anniversaries in connection with the Civil war are to be established in the future at the expense of the state they should, in my judgment, commemorate the return of peace.

"It would not be understood as being hostile to any local celebration which a town or city desires to hold at its own expense. Eugene N. Foss."

Carver has caught in a number of games which have been umpired by Fultz.

Joe Foley of Canton, the Holy Cross pitcher, signed by the Brocktons this season, was in town the first of the week. He had a talk with Owner McCue. Foley has not signed a Brockton contract, but has told Mr. McCue that the terms are satisfactory.—Brockton Times.

### HARVARD CREW ENTERED FOR THE AMERICAN HENLEY REGATTA

CAMBRIDGE, March 28.—Harvard's second crew has been entered for the American henley regatta to be held at Philadelphia on May 22. It was announced last night. The crew, which is captained by Arthur Beane, will row in two eight-oared events, the Stewart challenge cup and the junior intercollegiate New England challenge cup matches. Both of these events were won by the Harvard second crew last year.

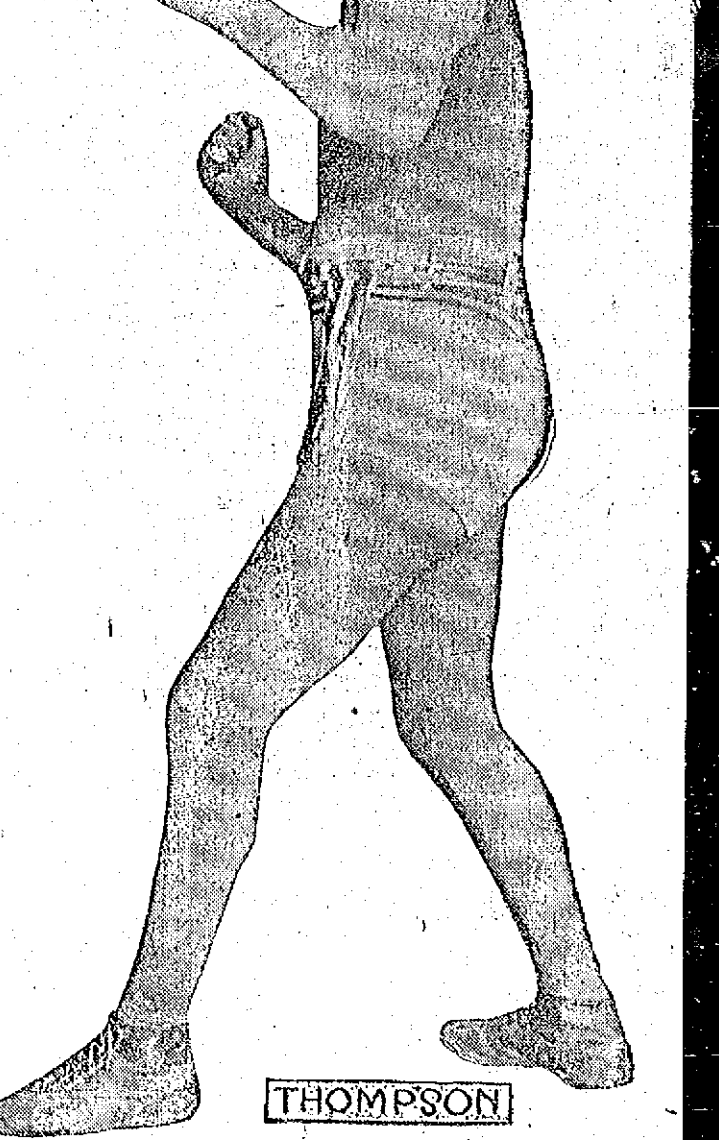

### BOSTON AMERICANS WON

### EX-LIGHTWEIGHT CLAIMANT OF THE MIDDLEWEIGHT CROWN

CHICAGO, March 28.—Cyclone John Thompson who now asserts supremacy in the middleweight pugilistic division, says promoters will have to offer him purses of suitable size before he makes his American debut as a fighter in the heavier classes. The man who went on board the Pacific ocean steamer bound for Australia a lightweight and debarked middleweight declares he is through with the half-way purses and is to fight for nothing but the big end prizes hereafter. "If they give Billy Rapke and Hugo Kelly purses of from \$5,000 to \$10,000 for their fights they are not going to get me into the ring for any pennut money," said Thompson recently. "I am claimant of the middleweight title, and I think I have the best right to that place." Johnny looks even better as a middleweight man than he did as a lightweight. He was a trifle slow in the lower division when compared to such men as Packy McFarland, but stacks up like a whirlwind when placed alongside most of the middleweights. Thompson is the oldest pugilist in the ring today. He is now in his thirty-fifth year. Last summer he went to Australia and in less than two months he became a middleweight. His victory over Billy Rapke in Australia last December was a big surprise to the fans in this country.

Prologue—The telling grounds in the  
Paradise of the Isle of Man.  
Love's Cross Roads.

The performance will be repeated  
each afternoon and night of this week  
with the exception of Friday, when

Excellent vaudeville acts and the latest moving pictures go to make up the program which Manager Carroll of the Merrimack square theatre is offering to the patrons this week. The bill is by far the best that has been presented since the opening of the popular play house and it is one which cannot fail to appeal to the most exacting theatregoer.

The stellar attraction is Lamont and his trained Australian cockatoos. This is an act which is simply marvelous and goes to show what can be attained with the proper training and a great deal of patience to train cockatoos.

There are about thirty birds in the collection, the majority of them being pure white. They do all kinds of stunts, such as dancing, turning back somewhat, rolling over and over, jumping over hurdles, performing on horizontal bars.

One bird is exceptionally well trained and with the assistance of a bell tells the number of days in the week, the month and rings the number asked for by any person in the audience.

Another act is a fire scene in which the birds acting as firemen walk up ladders and rescue other birds in the building, use the hose to extinguish the flames and throw the furniture through the windows of the burning building.

Another attraction is a pair of kangaroos who come to rip-roaring laugh whenever the Pates Lawrence Trio, two producers of the Pates Lawrence Trio,

young men and a woman, carry off the act in. Despite the fact that the act is full of nonsense, it is one that convulses the people with laughter and is a great cure for the blues. One of the interesting things about the singing that would make a New York East sider turn green with envy. The singing, however, is of that variety which is just pleasing and there is nothing in the act that could be called out of the way. The trio are good singers and dancers and on the whole it is a very pleasing number on the program. The Gould sisters sing and dance themselves into favor. One of the girls gives imitations which are praiseworthy. Both are exceptionally fine dancers and they wear beautiful costumes, many changes in dresses being made during the presentation. The song, "Maffellia," "The Man From Australia," makes a decided hit with his songs.

The daylight motion pictures are all new and of the same high standard of the past. The soloist of the week is Emma Churchill, a young woman possessed of a charming voice.

Announcement was made yesterday that John Quigley, the original newsboy tenor, associated in the past with Coleman Thompson in the "Six Home-Coming" and other well known plays, has been secured for next Sunday's sacred concert.

There is always something doing at the Merrimack Square theatre from nine o'clock in the afternoon until 10.30 clock at night.

"The Lottery Man" will be the attraction.

**"THE LOTTERY MAN"**

In spite of the fact that it is contrary to law, a lottery will be conducted in this city next Friday, May 31, at which time the drawing will take place on the stage of the Opera House. The prize will be a young, handsome and marriageable man. In fact the lottery is so conducted that only women are allowed to participate in the "spolies."

The prize in question is a 21-year-old son of one of the best known leading men of the American stage, Mr. Scott, of course is the "lottery man" in the play of the same name, which now affords long engagement at the Bijou theatre is being sent to this city for the first time by the Messrs. Scott.

The author is Richard Johnson Young, and the author "Brown of Harvard" is far away one of the most interesting that has ever been woven into dramatic form for comedy. Jack Wright, a New York newspaper reporter, borrows money for the edition, Foxy Payton, as the writer, has been a victim of the editor, who he loses the money, he will write one of the biggest exclusive news stories the paper has ever published. The reporter loses and he is sorely beset when it behooves him to produce the "scoup."

Foxy, however, makes good with a vengeance. He outlines a plan for the paper to conduct a lottery, selling tickets at one dollar a piece and he offers himself as the prize. The first day the lottery appears, over one thousand old maids clamor for the coupons. Money is paid out for the tickets. Meantime Jack Wright is in town with Helene Meyer and from them on, his one aim is to defeat his own scheme.

"Imagine the horror of thinking the first woman you meet on the street may be your wife," says the reporter. "I will have a lot about purchasing coupons. The lucky draw will be held and falls into the hands of the servant in Foxy Payton home. Lizzie (Helen Lowell), the original Miss Hazy in "Mrs. Tiggs of the Cabbage Patch" steals the ticket and claims Jack as her lawful husband. The clerk threatened with the loss of his family disappears. Upon falls into the hands of Helene, the cast is the original one—Ady.

"MADAME X"

Not in many years has there been a dramatic performance with such universal approval as that of the new play, "Madame X," at which was extended to Madame X, which will be seen at the Opera House Wednesday April 5, matinee and night. There was a unanimity of opinion among the fraternity of writers upon dramatic topics who vied with one another in extending to Henry W. Savery production every praise in their power. The play was first produced in a performance in New York where Madame X made the most astonishing record of any drama in many years, playing nearly two seasons to crowded houses. The original production and cast are to be seen here. Dorothy Donnelly plays the drug-drenched witch, who kills her paramour later than defended by the French Assassin, who is killed by her own son whom she has seen since infancy and whom she does not recognize until it is revealed that he is one of the tense moments of the play. Miss Donnelly has made a wonderful impression as Madame X. She has been accorded the palm as the most convincing emotional actress of the day. The cast includes Malcolm Murray, Robert Peter Gibson, Clarence, Harry C. Bradley, Ralph Morris, Boyd Nolan, James Echin and Anderson Shaw.—Adv.

Shan, singer and originality mark the hall of the Colonial this week. The yandeville includes Ted and Clara Steele, an exceptionally clever pair of comedians, with a line of real live songs and talkology that keeps the audience in an uproar throughout their entire act. The Great La Vells, trapeze artist and contortionist, whose daring tricks and stunts have earned him a name from coast to coast. Frank Phillips, novelty singer and dancer. His skill is remarkable. The motion pictures and illustrated songs are the latest and best that can be procured, carefully selected to entertain and amuse our patrons. Get the habit of going to the Colonial. Don't change to here Thursday. Don't forget the amateurs tonight.—Adv.

A pleasing program was presented at this house yesterday and one that will be entertaining to the patrons. Blonde Robinson and Beato have an exciting tricycle knockabout singing and dancing comedy that will be sure to provoke laughter. Alex. Wilson, the clever ventriloquist, has an array of mechanical dolls and amuses in a clever manner with some droll comedy. The Tremont quartet is a worthy organization of singers.

One of the wonders of the famous old ballad, "Silver Threads Among the Gold," is among the best numbers. The pictures are all of the very latest and contain a thrilling railroad story.—Adv.

What is the way to be a big success is "The Way of the Transgressor," the feature picture at the Theatre Vioyons today and never yet has a picture so carefully shown the downward course of a man and the exciting brushings he may have with the authorities. It is a picture of a man who is very, very, very exciting. A charming sentimental story "The Test of Love" is finely staged and admirably acted and the comedy brings plenty of laughs. The musical program features Jack Mannheim, who is a wonderful singer and even in better voice than when he sang at Lowell some time ago.—Adv.

What could be prettier or more inviting than a dainty bedroom with walls, furniture and woodwork all enameled in white or some delicate tint. Acme Quality Enamel gives that smooth enamel surface so sanitary and so easy to keep bright and attractive.

That the audience at the Hathaway theatre last evening was thoroughly enthralled by the spell of James A. Herne's great play, "Shore Acres" was most strikingly demonstrated as the curtain descended on the final act. It is almost an invariable custom of Lowell audiences to get busy with their wraps several minutes before the full hour has elapsed. This evening, however, "Shore Acres" for although there is absolute silence on the stage for more than a minute as old Uncle "Nat" calls in the cat, puts out the kitchen light and slowly climbs the stairs to bed the audience never moved, and when the curtain fell, the audience was so much engrossed in the play that it was almost a call back Mr. Meek several times. "Shore Acres" is all that has been claimed for it, a clean and wholesome story of rural New England life, and it was presented admirably by the Donald Meek Stock company with the following:

BIG CELEBRATION IS CONTINUED  
IN ROME

ROME, March 28.—The celebration of the 50th anniversary of the proclamation of Rome as the capital of united Italy by the Italian parliament was continued today amid popular rejoicing. King Victor and Queen Helena visited the historic castle of San Angelo, where they viewed the magnificent Italian exhibition of the art of the Middle Ages and Renaissance objects. They were received by the Count Di San Martino, president of the committee. The exhibition of the art of the Middle Ages and Renaissance objects is the art of as many foreign countries make up the international exhibition. The exhibition will be open for a prolonged period.

## Democrats Did Not Agree on Senator

ALBANY, N. Y., March 28.—The second democratic legislative caucus failed last night to select a candidate for United States senator, and was called to reconvene tonight. Twenty-five candidates voted for, William F. Sheehan, leading with a vote of 28—less than a third of those taking part.

The vote: William F. Sheehan, 28; Augustus Van Wink, 7; John D. Kernan, 4; Francis D. Harrison, 1; Joseph A. Golden, 2; James Renwick, 3; James W. Genard, 1; William Sulzer, 3; John W. Stanchfield, 1; William B. Ellison, 2; Theodore Sutro, 4; Isador Strauss, 5; Herbert Hilder, 3; Daniel F. Coghlan, 4; Edward M. Grout, 1; Morgan J. O'Brien, 1; John J. Fitzgerald, 6; Alton B. Parker, 1; Victor J. Dowling, 2; J. P. Gorman, 1; John J. Mahoney, 1; Dudley W. Smith, 1; Samuel Untermyer, 1; John A. Dix, 1; John Lyon, 1. Total 90.

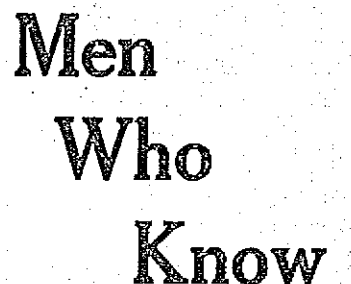

Ninety of the 116 democratic members of the legislature answered the roll call. These included a few who have been voting for some other candidate than the caucus nominee, but the bulk of the group were absent.

Several members who have figured as strong advocates of Mr. Sheehan acknowledged in declaring their votes at his election had ceased to be a possibility and that the reconvening of the caucus released them from whatever pledges might have been incurred by their voting at the first caucus. This was the general impression among Sheehan advocates, who expressed the opinion that the balloting today would follow closely the lines of last night's caucus vote and that the reconvening of the caucus tonight would mark the beginning of the end of the protracted contest which this state is now known.

Notwithstanding his reiterated declarations Gov. John A. Dix received one vote.

Several of the members in announcing their choice scored the insurgents

WEAR *The Elite Shoe* OXFORDS

**Manufacturer's Reasons** All the materials used in these shoes are the very best obtainable. They are made by practically the same workmen from year to year, many of whom are stockholders in the company and therefore are personally interested in producing the best results.

Our factory is not so large that the management cannot give that personal attention to details which alone can provide a uniform, high quality in shoe construction at a minimum cost. Through this policy we are able to make the ELITE shoe far superior to any other sold at the same price.

If you will call upon our representative in LOW-ELL whose name and address appear in this advertisement, you will have an opportunity to observe at first hand the superior quality, workmanship, style and fit of the ELITE shoes.

Lowell Will Have Celebration  
Despite Veto

While Governor Has Vetoed Appropriation He Will Order the Sixth Regiment to Lowell Which is Equivalent to an Appropriation of \$2000

While Governor Foss has vetoed the bill calling for an appropriation of \$2500 for the observance of the 19th of April in this city, there will be a fine celebration just the same.

The governor's veto, while a great disappointment to everyone in Lowell, is not so crushing when it is known that the governor has stated that he will order the entire Sixth Regiment to Lowell on April 19th, which is equivalent to an appropriation of \$2000 or \$2500.

Several days ago Governor Foss informed members of the committee, that while he hoped to see the Lowell celebration an entire success, he felt conscientiously opposed to the appropriation of any money intended for local purposes. There was some talk last evening of the possibility of passing the measure over the veto, but this committee does not care to discuss that proposition. The governor is to be the guest of the city during the celebration.

Major Charles S. Proctor, chairman of the general committee, purposely kept all plans in abeyance pending the final disposition of the appropriation bill. The celebration will now be planned to come within the \$2500 available. It is likely that only the Lowell company of the Ninth regiment will appear in the parade. The secretary of war has promised Congressman Ames that he will detail the regulars to come here from the Boston forts if their railroad fare is met, and the Congressman has been instructed to notify him that this requirement will be met.

The banquet will pay for itself and hence will not come from the general appropriation. The banquet will be for men and women.

## SEVERE WIND STORM

Left Death and Destruction in Its Wake

Buildings Demolished and Houses Unroofed—Railroad Placed Out of Commission for a Time—Several Towns in Alabama Struck by a Tornado

PHILADELPHIA, March 28.—A severe electrical storm accompanied by a high wind which at times blew with the force of a tornado swept over the northern section of this city shortly after 8 o'clock last night, leaving destruction and death in its wake.

Buildings were demolished, houses unroofed, and the New York division of the Pennsylvania railroad was placed out of commission temporarily by the demolition of its tower at Holmestown and the station at Tacony, cutting off all telegraphic communication. New York trains are being routed via the Trenton cut-off which was not in the path of the high wind.

Tacony, the section where the greatest damage occurred, was completely cut off from the rest of the city. Telegraph, telephone and trolley wires were blown to the ground and it was hours before the details of the destruction reached the central section of the city where the storm did not appear. The police station at Tacony was demolished. The roof of the building was blown off and every window was broken by a sudden burst of wind. At the Tacony station of the Pennsylvania railroad an unidentified man was killed when a portion of the structure was blown away. Many houses in this section were unroofed or completely demolished.

In the manufacturing section of Robinson in the northeast, toward Tacony, several factories were destroyed, trolley wires were blown down and roofs of houses hurled to the streets. A corner section of the factory of John Blood & Brothers, manufacturers of woollens at Trenton and Allegheny avenues, more than 100 feet wide, was torn away, wrecking much valuable machinery. Three hundred and fifty men who were employed here, it is said, will be out of work for at least two weeks. The factory of the Enterprise Cooperage company nearby, was struck by lightning but the flames were extinguished before much damage had been done.

In the fashionable section of Germantown the storm also caused havoc and the cupola of St. Michael's church was blown off. Jones hall also lost its roof as did the factory of the American Metal company. Telegraph and telephone communication was also destroyed, but up to a late hour no lives had been reported lost in this section.

## LOSS IS \$25,000

WASHINGTON, Penn., March 28.—A blizzard swept Washington county yesterday and last night, and the thermometer dropped 30 degrees in eight hours. Sixty oil derricks at McDonald were leveled, causing a loss of \$25,000. Oil operators announced that the wrecked structures will be replaced with steel ones. At Waynesburg, tombstones were picked up by the wind and carried from a cemetery into a road, a hundred feet away.

## UNKNOWN MAN KILLED

PITTSBURGH, Pa., March 28.—A windstorm throughout northeastern Ohio, a portion of West Virginia and western Pennsylvania, late yesterday caused at least one fatality, injured a number of persons and resulted in heavy financial loss.

At Girard, O., an unknown man was killed by falling wires.

Stouenville, O., was struck by the gale. The roof was blown off, the county infirmary and the walls of several other buildings were blown down.

In this city the wind reached a velocity of 32 miles an hour. Many wires, billboards and plate glass windows suffered. In the county districts the wind played havoc with barns and fences.

## CELLARS FLOODED

SYRACUSE, N. Y., March 28.—The village of Moravia in Cayuga county, was partially under water last night following a rainstorm of unusual severity. The village is in the Onondaga lake basin, Math streets are under

is dead and another is dying.

Passing over the county in an easterly direction the storm killed Stephen Byrd and probably fatally wounded Frank McCrory. Mrs. Byrd and her three children and Mrs. McCrory and her four children and 13 others were injured. The Byrd and McCrory homes and other buildings were destroyed.

At Essex several persons were injured and a number of buildings were destroyed. At Manistee two persons were slightly injured. The damage runs into the thousands.

## WOMAN SUFFRAGE

OPPOSITION OF MEASURE TO MAKE GREAT FIGHT

SPRINGFIELD, Ill., March 28.—Opponents of woman suffrage have planned to make a vigorous attack on the senate bill giving the ballot to women when it comes up in the house today or tomorrow. Miss Phoebe Connors of Washington, D. C., former leader in women's suffrage ranks but now a vigorous opponent, is in Springfield, armed with a speech to be directed against the present legislative bill. The word is out among legislators opposing the bill to start the fight with a rush and sweep the suffrage adherents off their feet by unexpected bursts of opposition.

## CARD OF THANKS

We, the undersigned, take this means of expressing our sincere thanks to our many kind relatives, neighbors and friends who by their many acts of kindness, words of consolation and beautiful floral offerings, helped to lighten the burden of sorrow in the death of our beloved husband and father, To Dr. Packer and family with whom deceased was employed for sixteen years, we are indebted for many acts of kindness that served to comfort our beloved one during his long illness. To one and all we are deeply grateful.

# Health For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Coloma, Wisconsin.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and can not thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."

—Mrs. John Wentland, R. F. D. No. 3, Box 60, Coloma, Wisconsin.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

# PANIC ON BOARD TOWN MEETING THE THICK FOG

Caused Delay of Steamer Amerika

## Big Liner Cedric Sideswiped the Chelmsford Voted to Spend \$80,000 This Year

NEW YORK, March 28.—Momen-tary panic seized the passengers of the steamer Marowijne, just into port from Trinidad, when the big liner Cedric coming into quarantine today, was thrust out of her course by contrary tides, causing her to sideswipe the Marowijne. The chief officer of the Marowijne jumped to the windlass and slackened the anchor chain, thereby preventing further collision. A couple of

plates forward on the Trinidad steamer were dented. After the quarantine examination the Cedric got under way and attempted to pass to windward of the Marowijne and this time the high wind forced the big liner to leeward, jutting the Marowijne a second time. The Cedric stopped after clearing the Marowijne and sent a boat alongside to ascertain if any damage had been done.

### FEET TROUBLES OVERCOME

Every clerk, policeman, housewife or person who is compelled to spend the greater portion of their time standing on their feet will profit by adopting a simple, curative and tonic foot wash. It is really marvelous what relief and freedom from foot-soreness follows.

Obtain a 2-ounce package of vilane powder and to a gallon of hot water add a teaspoonful, also a tablespoonful of salt. Then immerse the feet from 10 to 20 minutes every night until all the poisons, soreness and congestion are removed. Corns, callouses, bunions are relieved promptly. Excessive sweating, cold feet, tired, swollen and aching feet will soon be unknown. This is without doubt the most effective treatment for the feet ever published.

### A NURSE SAYS:

"In many years of nursing here, some of our best doctors have sometimes given me samples for my own personal use. I have never found any calumny or laxative equal to Blackburn's 'Cascara-Royal-Pills' for they are mild, thorough and have no bad after-effects. While I can get Blackburn's Cascara-Royal-Pills, I shall not use any other, and I think the Cascara-Royal-Pills ought to be in every home, thus saving many a sick spell."

MRS. C. C. ACKER, Council Bluffs, Ia. Blackburn's Cascara-Royal-Pills are a pleasurable physic, tonic and purifier. Any reader can have a free trial package by addressing the Blackburn Products Co., Dayton, Ohio. All well stocked druggists sell 10c and 25c packages.

REED—George Warren Reed of this city, who died March 22, was born in Lyndeborn, N. H., Nov. 13, 1835. He was the son of Jesse Reed and Clara (McIntire) Reed. He came to Lowell in the spring of 1856 and found employment on the Merrimack corporation, eventually becoming an overseer of spinning, remaining there until the fall of 1902, when he retired from work owing to ill health. He joined the old No. 5 Tiler Volunteer Fire company in 1858 and when that disbanded joined the old hook and ladder company, whose headquarters was on Middle street, remaining with them until 1876. He enlisted in Capt. Abbott's company, 2nd Massachusetts regiment, in the spring of 1862, but failed to pass the medical examination. In December 1863 he married Abbie H. Quigg of Hollis, N. H., whose death occurred in 1866 leaving one son Francis B., now of Boston. In January, 1868, he married Susie Z. Reed, of Westford, Mass. Three children were born to them, Walter A. of New York city, Flora A., who died in infancy, and Gladys (Reed) Goodrich of this city. The deceased was very active in politics for many years and was for a long time a member of the republican city committee, and served as delegate to many state and other conventions. In his death the city loses an upright and respected citizen, one whose word was as good as his bond, and his family a loving, unselfish husband and father.

Funeral services were held Friday afternoon at his home, 243 Westford street.

TANSEY—Mrs. Catherine Tansey died this morning at her home 61 Chestnut street. She leaves to mourn her loss one daughter, Mrs. Catherine Crowley, three sons, Owen J. Tansey, the well known police officer; John P. and Patrick of North Chelmsford. She was a well known resident of the immaculate Conception parish and leaves a host of friends to mourn her loss.

HASTY—John Hasty died this morning at his home, 4 Bay State court, off West 4th street. He leaves to mourn his loss his wife, Mary, and two daughters, Mrs. Margaret Brait and Miss Della. He was a well known resident of St. Michael's parish. He was 40 years of age.

Funeral will take place Wednesday afternoon from his late residence, 2131 Lakeview avenue, Dracut, at 2 o'clock. Services will be held at the Collinsville Union Mission church at 9 o'clock. Friends invited without further notice, and are kindly requested to omit flowers. Burial will be private. Undertaker C. M. Young in charge.

Chelmsford's annual town meeting held yesterday was rather a quiet affair, the voters being quite unanimous in their opinions of the different articles, and therefore only a few articles stirred up discussion.

The meeting was one of the largest ever held and after the appropriations were voted it was the general belief that there will be a large increase in the tax rate. In fact William J. Quigley, who was elected commissioner of sinking funds, said he would not be surprised if the rate went close to the \$20 mark. The greatest interest in the election of town officers centered in the election of selectmen and constables. John J. Dunn, who ran on nomination papers, was elected a selectman, the losing man being Francis O. Dutton of this city. The result of the balloting was as follows:

Selectmen and overseers of the poor—Eben T. Adams, Centre, 400; Charles F. Devine, East, 433; John J. Dunn, West, 383; Charles Lyons, South, 449; D. Frank Small, North, 456; Francis O. Dutton, 269.

Assessors for three years—Fred L. Fletcher, West, defeated Arthur M. Warren, 311 to 204.

Town treasurer and collector of taxes—Ervin W. Sweetser, Centre, 501; School committee, three years—John J. Monahan, West, 453.

Auditors—Samuel Naylor, West, 446; Winthrop A. Parkhurst, Centre, 450; Preston L. Piggett, North, 415.

Trustees of Adams library for three years—Charles A. Clark, Centre, 444; Constables—Joseph Fallon, North, 423; James E. Gookin, North, 432; Clarence Nickles, Centre, 464; Fred W. Park, South, 416; Karl M. Perham, Centre, 451; John J. Quessy, West, 420; John W. Robinson, East, 415. All were elected.

Cemetery commissioner for three years—Charles A. Clark, West, 456. Sinking fund commissioner for three years—William J. Quigley, North, 444.

Park commissioner for three years—George P. Cutler, North, 439. Tree warden—Minot Bean, Centre, 435.

On the question of license, the town went "no" by a vote of 427 to 144. The appropriations voted are as follows:

Last year's appropriations, \$57,106.02. Last year's appropriations amounted to \$57,106.02. The money voted for the ensuing year amounts to \$72,572.17. After some discussion it was voted to accept the state law relative to plumbings.

Action taken on the other articles was as follows: Article 6—Was to see if the town will authorize the treasurer to borrow, subject to the approval of the selectmen such sums of money as may be required for the payment of the taxes of the current year, and payable therefrom. It was voted to authorize the treasurer to borrow an amount not exceeding \$35,000.

Article 8—To see if the town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) for the purpose of grading the grounds at the schools at North Chelmsford, the expenditure of this money to be in charge of the school committee. Voted.

Article 9—To see if the town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1500.00) to be paid to the North Chelmsford fire district for hydrant service for the current year. Voted.

Article 10—To see if the town will raise and appropriate the sum of one hundred twenty-five dollars, (\$125.00) for the purpose of observing Memorial day, and appoint a committee to assist the veterans association in making the necessary arrangements for such observance. Voted.

Article 7. To see if the town will authorize the selectmen to act as its agent in any suit or suits which may arise during the current year; also in such other matters which may arise requiring, in their judgment, the action of such agent, and to employ counsel therefor. Voted.

Article 19. To see if the town will vote to raise and appropriate the sum of three hundred and twenty-five dollars (\$325) for the purpose of fencing the schoolhouse lot in East Chelmsford, said sum to be expended under the direction of the school committee. Voted.

Article 20. To see if the town will vote to provide telephone service for the use of constables in the Centre and North villages, or act in relation thereto. Voted.

After some discussion it was voted to locate one telephone in the Centre and one in the North section, the highest vote getter in each section to have the service. Voted.

Article 21. To see if the town will accept and adopt the by-laws prepared by the selectmen, or act in relation thereto. The article was dismissed.

Article 22. To see if the town will raise and appropriate the sum of one hundred and twenty dollars (\$120) for the service of a janitor at the North and Centre fire houses. Voted.

Article 23. To see if the town will vote to raise and appropriate the sum of two hundred dollars (\$200) for the purpose of repairing the canal road, so called, at East Chelmsford, said sum to be expended under the direction of the selectmen. Voted.

Article 24. At the request of George B. Wright and others, to see what action the town will take in regard to naming the square formed by the junction of Westford and Worthen streets, given by the heirs of the late David Perham, or act in relation thereto. It was voted to name the space Perham square.

Article 25. To see if the town will vote to raise and appropriate the sum of two hundred and fifty dollars (\$250) for free band concerts the present season in the several villages of the town. Voted.

Article 26. To see if the town will vote to accept a deed from Mrs. James McNally of the street shown in plan of McNally land, North Chelmsford, for a public easement of land of said street. Voted.

### COMMUNICATION

Editor Sun: At the annual town meeting held in Chelmsford, yesterday, E. T. Adams was again elected selectman by a big majority after a bitter fight by his opponent and supporters. He was born in Carlisle, January 7, 1837, and has been a resident of Chelmsford for thirty-five years. During the past twenty-four years he has held various town offices. His re-election makes the eleventh time he has been on the board of selectmen and for two years as its chairman.

He has represented the town as its representative to the legislature, which is strongly a republican district. His politics is democratic. He is a strong advocate for temperance.

NEW YORK, March 28.—It was simply the fog and no other big robbery or any new developments in the diamond jewel mystery, as some rumors had it, that caused the detention of the steamer Amerika off the Ambrose channel lightship outside the harbor for many hours after her arrival yesterday. It developed when the steamer came up the inner harbor today. The Amerika had a little bad luck outside the bar, losing her starboard anchor and part of the anchor chain. The vessel was boarded at Southampton on her outward voyage by detectives who sought a trace of the \$120,000 worth of jewelry missed from the steamer of Mrs. Mildred Drummond of Chicago on the liner's last voyage here. There were no new developments in the case up to the time of the steamer's arrival here, according to the ship officers, but it is thought that another search of the vessel might be made here.

## West Centralville People Expect to Have 1500 Names

All West Centralville seems to be in favor of a public park in that section of the city according to the members of the committee which had charge of looking up the possibilities of a park in that district.

A petition now in circulation in that territory, headed with the signature of Rev. J. N. Jacques, pastor of St. Louis' church, and signed by all the business men as well as many of the citizens of that locality. In all it is claimed over 500 signatures have been affixed to the petition and before the

committee gets through its work, it is expected that the paper will carry about 1500 names.

As soon as the petition is filed, it will be presented to the members of the common council, and the latter will be asked to vote an appropriation and purchase a strip of land in that district and convert it into a park.

Two or three tracts of land are mentioned for that purpose, but many of the West Centralville residents seem to favor that particular tract extending between the Alken street bridge and Beaver brook.

## Hearing on the Petition Postponed Until Friday

The hearing on the writ of mandamus petitioned for by four members of the common council, Messrs. Tracy, Crowley, Royal and Corbett, has been postponed to Friday of this week.

The case was called before Judge Loring in the supreme judicial court at Boston this morning. John W. McEvoy appeared for the petitioners and John Jacob Rogers for the respondents, members of the common council. While the hearing was not proceeded with today it has not been dispensed with and the court ordered Mr. Rogers to make answer to the writ on Thursday of this week and the date for the hearing is set for the following day, Friday. Judge Loring said it was not the usual custom to try a case of this kind on its merits on the first day. The writ was filed until last Friday and it cannot be said that there has not been

quick action in the case and the petitioners feel that the proceedings, even as far as they have gone, have had the desired effect.

Mr. Rogers asked that the writ be denied or postponed. He guaranteed the court that there was no necessity for further action in the matter.

"Our position is," he said, "that meetings of both branches of our city council will be held this evening when a joint convention will be held."

"We entered into this agreement to go into joint convention tonight before receiving official notice of these proceedings."

President Elliott of the common council has notified the mayor and the chairman of the board of aldermen has also been notified of our formal agreement to meet in joint convention with the aldermen this evening.

"I consider it entirely unnecessary

that any machinery should be set in motion at this time and I would ask that the writ be denied or postponed."

Mr. McEvoy said he believed that Mr. Rogers was honest in his remarks, but would object to a denial of the writ.

"I believe in Mr. Rogers," he said, "but these councilmen have been somewhat refractory of late."

Judge Loring suggested that the defendants file answer to the writ next week.

Fortunately, however, the thought occurred to Mr. McEvoy that the court would not sit next week, whereupon Judge Loring ordered that the answer be filed on Thursday of this week and that the date of the hearing be set for the following day, Friday.

"But if we go into joint convention?" queried Mr. Rogers.

"Then you may recite that in your answer," said the court.

## Mayor Wants Support for Senator Hibbard's Bill

Which Provides That the County Shall Share Expense of Bridges Across the Merrimack in Lowell as is Now Done in Essex County

Some time ago Senator Hibbard introduced a bill in the senate providing that Middlesex county pay part of the expense of maintenance of bridges crossing the Merrimack river in Lowell. As chairman of the committee on roads and bridges Senator Hibbard learned that the Trustees bridge is the only bridge in the county crossing the Merrimack that is supported wholly by the county, while in Essex county, Lawrence, Haverhill and Newburyport receive assistance in the maintenance of their bridges.

Mayor Meehan has taken up the matter and has sent the following letter to the city council:

Lowell, Mass., March 28, 1911.  
To the City Council of the City of Lowell:  
Gentlemen:

I desire to call your attention to a

bill introduced in the legislature providing for payment by the County of Middlesex, of part of the expense of maintenance for the bridges crossing the Merrimack river, in Lowell.

All the bridges crossing the Merrimack river in Essex county are in part supported by the county and I feel it is unjust that Lowell should bear the whole bill for its bridges, when Lawrence, Haverhill and Newburyport pay but part.

I trust the city council will adopt a vote in favor of this bill and instruct the city collector to appear in behalf of the city.

Respectfully yours,  
John F. Meehan,  
Mayor.

## DUMB ANIMALS FROM OLD WORLD

To Have a Hospital Greek Musician Visiting in Boston

BOSTON, March 28.—As a memorial to the late George T. Angell, and to perpetuate the humanitarian work to which he devoted his life, the Massachusetts Society for the Prevention of Cruelty to Animals, voted at its annual meeting today to approve of the plan of Dr. Francis Rowley, president of the society, to erect in Boston a hospital for dumb animals. The hospital, which is to be known as the Angell Memorial Animal hospital, will be equipped with all the latest devices for the treatment of animals in distress and will be the first institution of the kind on so large a scale in the United States.

The society's offices are to be located in a portion of the hospital building. Mr. Angell was for many years the head of the society for the Prevention of Cruelty to Animals and The Humane Education society, and was the editor of Our Dumb Animals.

Joe Thomas, the well known boxer, has a busy few weeks before him. On April 5 he will box Bill McKinnon in Manchester and on April 13 he will take on Tommy Sullivan in Lawrence. On April 27 he needs Jack Dillon in Terre Haute, Ind. Joe is training at his home in upper Gorham street and is in fine condition.

Young Boyle Matched  
Young Boyle of this city and Young Burke of Lynn are matched to box at Woburn on Monday evening next.

## ST. JOHN'S DAY

To be Observed by Council Jacques

The members of Council J. N. Jacques, U. S. J. Bte. d'A. are planning to celebrate St. John's day, June 24. At the last meeting of the council it was decided to hold an open air celebration. The affair will probably be held at the residence of Mr. Pierre A. Brousseau in Essex street.

Messrs. Adolphe Bouchard, Elphège Beaudette and Pierre A. Brousseau have been named a committee to arrange plans for the celebration of St. John's day. Many notable speakers from out of town will be invited to attend, among them being Felix Gagnon of Southbridge, president-general of the society, L. Bisson of Manchester, N. H., third vice president-general, and Achille Proulx of Lawrence.

As there will be no formal observance of the day, it is expected that this festive champagne will be welcomed by the members of the society and the French speaking people in general.

## WON BY MERZ

The First Race at Pablo Beach

JACKSONVILLE, Fla., March 28.—With a clear sky and good track, the automobile speed carnival opened this morning, having been postponed from yesterday on account of unfavorable weather conditions. Yesterday's program, it was announced, would be run off.

The first event, 20 miles, open cars, 500 inches or less, 2000 pounds minimum weight, resulted as follows: Merz (National) first, time 14:58; Disbrow (Pope-Hartford) second, 15:15; Wilcox (National) third, no time.

100 mile race—Disbrow (Pope-Hartford) first, 1:15:25; Burman (Duick) second, 1:15:29.

## COMPANY G LEADS LOCAL MILITIA

In the Tournament Being Held at the Armory

Company K of the Sixth regiment defeated Company G of the same regiment by a score of seven points to five in one of the series of contests in the tournament now being held at the state armory in Westford street under the auspices of the Lowell Military Athletic association.

Company G leads in the tournament, having 25 points. K is 14 and Company C is third with 21 points while Company M has but 14 to its credit.

The game of basketball was won by Company G, the score being 22 to 16. Between the periods the Chelmsford Fireman's team defeated the team representing Company M by a score of 17 to 8.

In the bowling match between Companies G and K, K won two points and the total G taking the other point.

The shooting also resulted in a victory for Company K.

There were over 1000 present and great enthusiasm was displayed during the night.

Next Monday night Companies K and M will be the contesting teams. Between the periods of the basketball game a team from Company G and the Sodality Five will play.

## PEACE IN MEXICO

SAN ANTONIO, Texas, March 28.—Francisco I. Madero, Sr., father of the insurrecto leader, on his arrival here today declared that peace in Mexico is assured within 30 days and probably within 10 days. Himself, his son Alfonso and his son Gustavo, he thought, would be the revolutionary representatives.

## PRESIDENT DIAZ MAY RESIGN

MEXICO CITY, March 28.—The report that President Diaz will resign is regarded as not wholly without foundation, though the date of such action is contingent upon the re-establishment of peace.

## HIKED TO BOSTON WANT LICENSES

Comet A. C. Disciples Many Applications Were Filed Today

The walking team of the Comet A. C. hiked to Boston in the fine time of 4 hours, 55 minutes Sunday. They left this city at 9:20 arriving in Boston 2:15 in good condition. After a dinner the team, none the worse for their walk, hiked on a sight seeing tour of Boston's historic spots. The members who journeyed were W. B. Cahay, J. P. French, J. A. Harrington, R. P. Shinkwin, J. H. Harrington, W. S. Robinson failed to finish, dropping out in the early stages of the walk. The team is contemplating a summer tramp westward which will occupy several weeks. Next Sunday they will walk to Lynn.

NOTED SCIENTIST DEAD  
WASHINGTON, March 28.—Samuel Franklin Emmons, a noted scientist and one of the foremost geologists of the world, died at his home here today. Although he had been in ill health for some time he continued until his death his duties as geologist of the United States geological survey with which he had been connected since 1867.

Mr. Emmons was a native of Boston and would have been 70 years old tomorrow. A wife survives him.

Fireman's team defeated the team representing Company M by a score of 17 to 8.

In the bowling match between Companies G and K, K won two points and the total G taking the other point.

The shooting also resulted in a victory for Company K.

There were over 1000 present and great enthusiasm was displayed during the night.

Next Monday night Companies K and M will be the contesting teams. Between the periods of the basketball game a team from Company G and the Sodality Five will play.

There will be a basketball game at the armory Saturday night, between Company G and the Five of Diamonds of Chelmsford.

Every man must be clean shaven and hair trimmed for this tour of duty. "Smoke talk" to follow inspection.

The inspection of Company G will take place Thursday night, Company K, Friday night, and Company M of the Ninth regiment will be inspected next Tuesday night.

There will be a basketball game at the armory Saturday night, between Company G and the Five of Diamonds of Chelmsford.

## HER VISIT ENDED

Wants Five Railroads to Refund  
Sum of \$51,000

## LICENSE FEES

Have Been Reduced by  
Lawrence Board

LAWRENCE, March 28.—The license commissioners held a meeting last night and voted to make a reduction of \$700 in the price of first class licenses, bringing the license fee down from \$2500 to \$1800.

The change was made on account of the bar and bottle bill. Under this act dealers who sell liquors to be drunk on the premises cannot sell bottled goods. In other years the retailers enjoyed the privilege of selling bottled goods. Under the new law they will be deprived of considerable revenue and this fact undoubtedly had some influence in causing the commissioners to make the change.

The wholesalers or holders of fourth class licenses will be compelled to pay a license fee of \$2500, the same as in other years. Innholders will be as-

essed \$2300; brewers, \$2500; clubs, \$500; druggists, \$1; dealers in paints and oil, \$1.

Chairman McCarthy said last night that he did not know when the call for applications would be issued.

## KILLED HIMSELF

LAWRENCE, March 28.—Louis B. Talbot committed suicide yesterday by shooting himself in the head at 73 Hampshire street, where he conducted a jewelry store, with living apartments in the rear. He had been acting strangely of late, it is said.

He was formerly a prominent socialist, and at one time was the party candidate for senator in the 5th Essex district. He leaves a wife.

Ordered to Pay Fines  
of \$100

LAWRENCE, March 28.—A hearing on the complaint that the Boston & Northern street railway company refused to allow pupils residing in North Andover and attending the Lawrence Industrial school, to be conveyed to and from school at half fare was held Monday afternoon before Judge N. P. Frye in North Andover.

The hearing was on the complaint of Chief of Police Joseph L. Leighton. The pupils involved are F. R. Bishop, Jr., Hubert Winning, Leo Lamb and Raymond Swan, Privately owned by the industrial school and Donley of Frye found the railroad company guilty and imposed a fine of \$25 in each case.

The company appealed and the case will be taken to superior court.

The Boston & Northern was represented by Attorney C. J. Lannon of the firm of Warren Garfield, Lannon and Whitelaw of Boston.

Like action was taken several weeks ago by Judge Frye in five similar cases.

## PREFECT MORAIN

WANTS TO KNOW ABOUT DUTIES  
ON CHINAWARE

PARIS, March 28.—Foreign Minister Cruppi today received M. Morain, prefect of Haute Vienne, who wished to be informed regarding the proposed action of the American treasury department in abrogating on May 1st its arrangement with the Limoges chamber of commerce.

This agreement provided the basis for custom duties on imports of china-ware into the United States from Limoges.

Recently notice was given that after May 1st these imports would be assessed by appraisers in the same manner as other imports are.

Mr. Cruppi stated that Ambassador Jusserand had cabled assurances that most of the difficulties had been removed and he expected that satisfactory solution of the matter would be found with the result that the Limoges products would be allowed to continue to enter the American market without hindrance.

## Are Gathering in Force at San Andres

Some Think This May Mean Preparations for Peace—Col. Soto Moved on San Andres Last Night

CHIHUAHUA, Mexico, March 28.—News that insurrectos were congregating in some force at San Andres, 45 miles west of Chihuahua, caused some excitement today. Whether the gathering of rebels meant preparations for peace negotiations or a projected attack on Chihuahua could not be learned. Colonel Soto, with 150 men, moved on San Andres last night. One hundred federals from the south embarked at Escalon last night to protect the road to Sierra Mojada.

## Said to Have Been Involved in \$2,000,000 Embezzlement

PITTSBURG, March 28.—Charles D. Sheldon, alias Charles D. Washburn of Montreal, Canada, who is wanted in that city on charges of embezzlement, said to involve nearly \$2,000,000, was arrested in the local financial district late yesterday.

Sheldon, who is also known as C. W. Ross, admitted that he was a fugitive from Canada, when he was detected in an attempt to escape, and was captured only after an exciting chase. When brought to the central police station, he called upon a local stock broker and gave orders to close out his deals on the local stock exchange.

**SHELDON DISAPPEARED OCT. 11.**  
MONTREAL, March 28.—Charles D. Sheldon disappeared on October 11, leaving behind him, it is alleged, creditors to the amount of nearly \$2,000,000

and assets of about \$18,000. The real liabilities of Sheldon, however, were only about \$300,000, the balance of \$1,700,000 representing dividends declared upon investments which the owners had left with him to accumulate.

Sheldon began business in a very modest way a year previous to his disappearance but when after a few months he continued it is said, paying dividends at the rate of 20 per cent. per month to those who invested money with him, his fame spread and he soon had customers all over the Dominion. By June his operations had become so extensive that the local stock brokers began to feel the lack of customers, and a newspaper campaign was begun against him. This led to a falling off in the number of new customers and finally, after a run on his offices, he disappeared.

## GREAT BUSINESS

### For Lowell Automobile Dealers

#### MANY MACHINES SOLD THIS SPRING

#### Scores of Prospective Purchasers in Sight—The Big Touring Cars Are Attracting Attention—Big Increase in Commercial Wagons and Trucks Looked For

The indications at the present time for a successful season in the sale of automobiles in this city are very bright. If what the local automobile dealers say can be taken as a criterion. Of course there are some pessimists who claim that it is going to be a dull year but the majority of the local men have reason to believe that the sales this year will be far in excess of those in previous years.

There is an increased demand for large cars, although many cling to the idea that it is preferable to have the runabout, claiming that the first cost is less and the upkeep smaller, but the principal matter to take into consideration is the care of the car, whether large or small, and many owners of big passenger cars in Lowell today, find that the cost of a heavy truck is small, while on the other hand a number of owners of small cars have found that it is very expensive to operate an automobile, but the latter are those who do not understand how to properly operate or care for the machine.

There are cars owned by Lowell men which have gone 10,000 miles and over during the last year without a single adjustment having been made and in these cases the cost of upkeep has been small. This year, however, the commercial wagons and big trucks will attract more attention than heretofore, dealers expect that in comparison with other years there will be a bigger proportionate increase in the sale of commercial wagons than there will be in pleasure cars.

A few years ago the small commercial wagons were a rarity and until recently the sight of a heavy truck attracted more than passing attention even by the person who did not know the first thing about automobiles. In Lowell today there are about fifty commercial wagons and the continual increase in the sales of these vehicles is evidence that the wagons are doing better, quicker and more work than the horse drawn wagons and at a reduced expense.

One thing noticeable in Lowell, however, is the absence of many big trucks which carry from one and one-half to five tons. It is doubtful if there are more than three of these big trucks in Lowell, but it is expected that before the end of this season there will be scores of them running through the streets.

While there are a great many more pleasure cars in Lowell than in Lawrence, the driver here can boast of having almost ten times as many heavy trucks as are in this city. It was noticed at the automobile show in Boston this year that the commercial vehicles attracted practically as many people as did the pleasure cars.

The Lowell Automobile Corporation in Appleton street is the scene of great activities these days and Manager Fred Emerson and Salesman Thomas B. Hestwick are of the opinion that there is a bright outlook for a very successful season. A number of sales have been made up to date, there are many prospective purchasers who have called and examined the different models of Oldsmobiles and Buicks and have signified their intention of purchasing within the next 30 days, and still again there are other people who do not intend to purchase new cars this season but early in the winter and then, as the spring after getting a good overhauling are now ready for use.

The popularity of the Buick cars does not seem to have shown any signs of decreasing this year and Mr. Hestwick states that if the car did not show up during the past few seasons there would not be the demand for it that there is this season. Last week five cars were purchased and so far this week there have been two cars sold.

Dr. Ralph Parker has bought a Model 26 Buick as has George Fairbank and Max Katz has ordered a Model 10.

Mr. R. J. Mahoney, district plant chief of the New England Telephone & Telegraph Co. has purchased a very attractive Model 26 Buick. The car is finished in battleship gray and has beautiful lines, having a large oil and gasoline tank and trunk on the rear.

George B. Dana, who conducts the garage and automobile salesrooms at the corner of East Merrimack and Stackpole streets, has a very attractive

display of Stevens-Duryea, Chalmers and Hudson cars. He reports a good business this year having sold many cars and has prospective buyers in hand. Mr. Dana has just returned after a two days' business trip to the Stevens-Duryea factory at Chicopee Falls, Mass.

Paul B. Chandler of Third street, Centralville, has been driving a racy looking Reading 4 through the streets for the past week or more. The car is new to these parts but if the mechanism and general make-up of the machine is in keeping with its attractiveness undoubtedly there will be more of them seen in Lowell this season.

Arthur G. Beharrell, local agent for the Veie, with headquarters in Middle street, is demonstrating the 1911 models of that make. All who have ridden in the Veie claim it to be a slick running machine with many advantages over other cars. Mr. Beharrell has orders for four cars and states that if business keeps improving in the same manner which it has since the Boston show he will not have any complaint to make.

William S. Grady, agent for the Regal, with salesrooms at the corner of Bridge and Paige streets, reports the sale of six Regals of different types, and speaks in a very confident manner of the prospects of the future.

Mr. Grady is anticipating taking the agency for the Reliance trucks in this vicinity.

Those who are of the opinion that the steam machines are not as popular now as they have been in years past, should have a talk with Tom Williston, agent for the Stanley, and if he cannot convince them that the steamers is the machine, no one else in this vicinity can.

The Moody Bridge garage at the corner of Moody and Pawtucket streets, is a place of hustle and bustle, and many new cars have been shipped from the factories to that place during the past week. Sales of Knox and Oldsmobile cars have been numerous this season.

Prof. Edmond H. Mercer, who conducts an auto school at the City Hall garage, is a very busy man these days. He has been noted for the excellent cars he uses and the efficient service. While business has been good with him all winter he will have his hands full in the future, and those who desire to use his service had better telephone their orders ahead of time.

Despite the fact that the auto police patrol has been in service for several months, it still attracts attention as it whizzes through the streets.

Harry Sanders, driver for Chief Hosmer, who has now mastered the intricacies of the new automobile, says he never realized until lately how far superior the self-propelled machine is to the horse.

Many inquiries have been made as to whether or not the drivers of the police and fire patrols had to secure licenses to operate the machines. According to the law it is not necessary. At least one of the drivers of the police patrol has a chauffeur's license and it is understood that the drivers of the fire patrol and those who are driving the police patrol who have no licenses are soon to take examinations.

It is rumored that one of the large garages in this city is soon to change hands.

The reckless driving of automobiles through Merrimack square has caused considerable comment and should be stopped, for it endangers the lives of many, and causes many people to talk unfavorably of automobiles in general, which is a reflection on the careful drivers.

## FLYING DUTCHMAN

### JAGERSBURGER ENTERED IN INTERNATIONAL RACE

Joseph Jagersburger, "The Flying Dutchman," is the third case, racing team driver to enter in the 500 mile international sweepstakes race for a purse of \$25,000 over the Indianapolis Motor Speedway, Memorial day, May 30, and the ninth entrant for that event. Jagersburger has been a strong contender in many of the big speed events of the country and has shown himself a fearless driver behind the wheel. He is a team mate of Louis Larsonneur and Lewis Strunk, the latter being captain and manager of the team.

Jagersburger is a native of Vienna, Austria. He came to America in 1902 when he met G. L. Chasley, with whom he had been demonstrating the Mercedes cars in Paris for two years preceding. Leaving Paris he came to America with Mr. Harry Harkness, the New York multi-millionaire sportsman.

During the year 1903 Jagersburger handled the racing machines of Mr. Harkness. His most notable performance was at Biltmore Park on the 4th of July, 1903, when he made the American 100-mile track record. This performance was so good that it withstood the attacks of all other record-breaking drivers for a period of three years. George Robertson, the famous American driver and afterwards winner of the Vanderbilt cup race, rode with Jagersburger in this race as his mechanic. This was smiling George

Robertson's baptism in the auto racing game.

Jagersburger coached and rode with Harry Harkness in all the runs he made and was with Mr. Harkness when he established his famous record at Mt. Washington in the climb-to-the-clouds from the base of the mountain to the summit. Jagersburger also rode with Mr. Harkness when he established the New York to Boston record of 251 miles in 6 hours and 34 minutes. This record stands today and is one of the most remarkable long distance road runs ever accomplished.

Driving the Mercedes cars, Jagersburger took part in most of the track meets at the Empire City track, New York, and Readville track, Boston, Mass.

The last race in which Jagersburger participated was the Fairmount Park race in Philadelphia last fall. The car which he handled was the property of Edward Schroeder, the millionaire owner of "Dixie No. 2," America's most famous racing boat. Mr. Schroeder had an accident three days before the race when he ran into a telephone pole, and he then decided not to drive but agreed to let Jagersburger take the car provided he could repair it in time. By working three days and three nights, Jagersburger was able to put it in shape in time to start the race but without getting a chance for practice. Starting with these handicaps he made a most remarkable run, finishing third in a race in which thirty-two cars started.

Besides being a fearless driver, Jagersburger has a reputation as one of the best mechanics in the world. He spent four years in the Mercedes factory at Cannstadt, Germany, and his tuition under the heads of that famous factory was a training that insures Jagersburger as being an expert.

## LOWELL RACES

### Now the Time to Discuss Plans

The question as to whether there will be any automobile races in Lowell is now being discussed in a general way, especially by the automobile owners and enthusiasts. If we are to have races plans should be formulated at once in order that the different details may be discussed at length. The races held in this city the year before last were certainly successful from a racing standpoint and if they were not from a financial standpoint, as many people thought they were not, the mistakes of the year before last should be rectified and Lowell be made the scene of some of the best races ever held in this country.

The course is ideal and there is not the slightest doubt that all of the big drivers throughout the country would come to this city if suitable prizes were offered, for all who have tried the course claim it the best in the country for road racing.

The bill recently passed by the legislature gives the city of Lowell and the town of Tyngsboro permission to vote relative to the holding of speed contests. If the course is the races are to be held there will be more or less kicking by disgruntled persons, some of whom reside on the course and others who always object to anything that is a benefit to a community and the public at large.

It is understood that there is a quiet movement now on hand to conduct the races and that in a short time an announcement will be made, but those who have been conducting the contests heretofore on the Merrimack Valley course are not giving out any information.

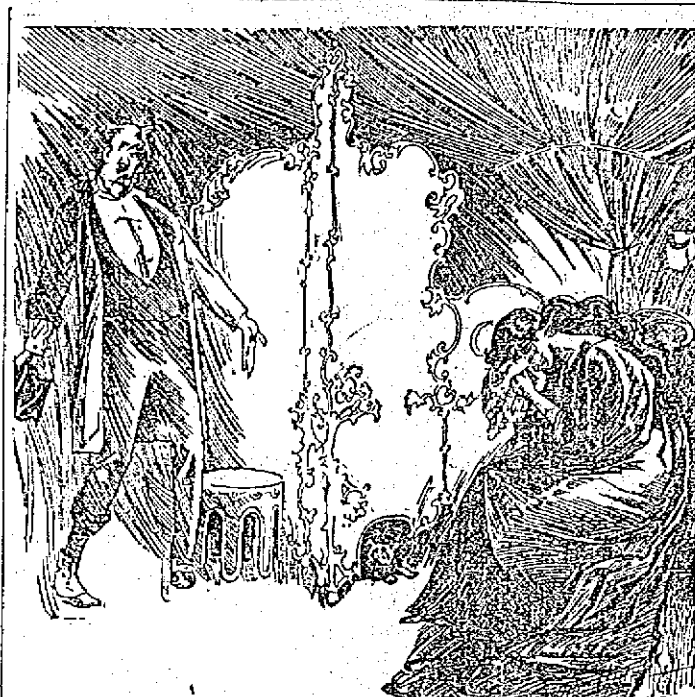

If we are to have races let it be for only two days, one day for light cars and the other for the big cars. Furthermore, it would be advisable not to make such elaborate preparations as for the last race.

Inflation of Tires  
If every motorist would always be careful to keep his tires inflated to the proper riding pressure at least 40 per cent of the trouble would be eliminated. The majority of those that go wrong do so because they have been ridden without sufficient inflation. The weakest part of a pneumatic tire is the side walls, for here most of the bending action takes place. The more the side walls are bent the sooner they will break down and separate. If a tire is run partially inflated this bending action is violent and the tire is bent sharply every time it hits an obstruction. If a tire is kept properly inflated the converse is true. The average motorist inflates his tires until they look fairly round under a load and then lets them go at that. But a tire may be perfectly round under load and yet have only forty-five pounds of air in it when it should have more. No amount of kicking or feeling or looking at the outside of a tire will tell what the air pressure is inside. The use of a reliable air pressure register is the only way to accurately determine whether or not your tires are sufficiently inflated.

# TRIAL RESUMED

## More Testimony Given by the Camorrist Informer

### He Has Received Offer to go on the Stage at \$200 a day—Woman in Venice Wants Him to go to Her When He is Set Free

VITERBO, Italy, March 28.—The trial of the camorrist, the adjournment of which, on Friday, interrupted the recital of the informer Genaro Abbatemaggio, was continued today.

Abbatemaggio, in the last three days, has received many letters and telegrams congratulating him upon his confession and he has also been the recipient of many threats. A telegram from Venice assures him of the devoted admiration of a woman whose name betrays her nationality as not Italian. She urges the penitent camorrist to fly to her, so soon as he is free.

Other communications are less flattering and some set forth in unpleasant detail what is in store for one who violates his vow as a member of "the beautiful reformed society."

A few correspondents seem bent on making sport of the situation. Then there are the inevitable threats of propositions. One who describes himself as San Charing, an agent at Milan

of an American theatrical house, offers the informer \$200 a day for the privilege of exhibiting him in the United States. He impressed Abbatemaggio, who exclaimed:

"Wouldn't it be funny if, after being shut in a cage like a bird, I were to go to America to become a lion?"

Continued his recitation today, Abbatemaggio described a burglary committed by the camorrist at the home of Count Daquino in Naples, in which he participated. There was a quarrel over the division of the booty, which amounted to about \$20,000. The leaders in the camorra, including Cuocolo, for whose murder the 36 prisoners are being tried, by Enrico Alfano, the alleged head of the organization and Demario, demanded so large a share of the spoils that none of those who actually participated in the crime received more than \$50. One camorrist who got nothing denounced the burglars to the police and some of them were imprisoned.

Installed. Chief Hosmer believed similarly. Councilman Cheney thought it would be excellent to have an auto apparatus at the Branch street house.

Mr. Achin wanted the agitation for auto apparatus started early, so that it might be productive of results before the year ended.

Mr. Cheney asked about the plan to charter over the present style of apparatus, to motor driven apparatus. Chief Hosmer said this referred to the engines.

Mr. Achin said a combination chemical and hose would be the proper thing for both the Branch street and High street engine houses.

Mr. Garagan moved, and it was so voted, that the committee start its tour of inspection, Thursday afternoon, at 1 o'clock.

Adjourned.

## SOCIAL AND FRATERNAL

The 31st anniversary of the organization of Court Merrimack, Foresters of America, will be observed tonight at the regular meeting to be held in Graton hall. The committee in charge of the affair was arranged an excellent program, which will be carried out at the close of the business meeting. The speakers for the occasion are: Grand Secretary Van H. Stafford, Past Grand Chief Ranger James J. Gallagher, Deputy Grand Chief Michael McMullen.

Branch No. 37, P. O. Clerks

At the meeting of Branch No. 37, United National Association of Post Office Clerks George H. Gurney, Hiram C. Gordon, John H. Farrell and James L. O'Dea were elected delegates to represent the local clerks at the state convention to be held at Lawrence on May 30.

# FIRE APPARATUS

## Question of New Autos Discussed

The committee on fire department held its first meeting of the year last night, Alderman Joseph Jodoin, chairman of the committee, presiding. The question of new apparatus for the department was discussed at considerable length and it was voted to inspect the apparatus and buildings. During the course of the meeting the recent conflagration in New York where 150 persons lost their lives was also talked over.

The meeting was called to order at 8:30 o'clock and in opening the chairman suggested a thorough viewing of the fire apparatus and buildings if it took two or three afternoons to do the work.

Alderman Flannagan asked what could be accomplished by an inspection of the fire houses and Mr. Jodoin said by doing so the committee could get in touch with the existing conditions.

Councilman Achin asked relative to a petition for a fire alarm box on Sanborn street near Durant street and offered the petition was located it was voted to take a view of the locality. Mr. Achin also spoke of an automobile apparatus for the High street engine house. Councilman Achin believed that no new house in the Oakland would be needed if auto apparatus is

installed. Chief Hosmer believed similarly.

Mr. Achin said a combination chemical and hose would be the proper thing for both the Branch street and High street engine houses.

Mr. Garagan moved, and it was so voted, that the committee start its tour of inspection, Thursday afternoon, at 1 o'clock.

## PRIMARIES BILL

### State-Wide Measure Introduced in New York Legislature

ALBANY, N. Y., March 28.—A state-wide direct primaries bill, representing the views of Governor Dix and his advisers, was introduced today by Senator Wagner and Assemblyman Smith, majority leaders. It provides for the direct nomination by the enrolled party voters of all candidates for public offices except the elective state officials and town, village, ward and school district officers. It thus includes members of assembly, senators, congressmen, county and city officers, justices of the supreme court and all other judicial officers.

The bill also provides for the direct election of delegates to state conventions and the members of state, county, city and borough committees. All conventions are to be abolished except state conventions. Delegates and alternates to national conventions are to be chosen either by the enrolled voters of congressional districts or by the state convention or partly by both as the rules of the party may prescribe. Members of the state committee are to be chosen by such unit of representation as the party rules may prescribe.

## BRUTAL ATTACK WANTS ALIMONY

### Couple Were Bound and Gagged Woman Asks for \$26,000 a Year

ASBURY PARK, N. J., Mar. 28.—Mr. and Mrs. Wm. Anderson were sitting in the fire in their Allenhurst cottage on Saturday afternoon when they heard a knock at the door. Mr. Anderson answered it. A thick set man sprang at him and dealt him a blow in the face. The other man rushed into the hallway and threw him down. Mrs. Anderson heard the noise and hurried into the hallway. The men threatened to shoot if she made an outcry. Then they tied the Andersons hand and foot and gagged them. They ransacked the house and found some silverware and jewelry but no money. After the search, the thieves came back to the Andersons and releasing them for a few minutes demanded that Mr. Anderson open a safe that was in the hallway. He refused and the men threatened to shoot him. They found out later that the safe was open and empty. The thieves demanded that Mrs. Anderson make her check payable to James Leonard for \$20. She said she had only \$10 in the bank, and she was compelled to sign a check for that amount. The couple were rebound and carried to a bedroom upstairs, where they were left, the burglars promising to come back and release them. Mrs. Anderson freed herself after an hour's work and cut the cords that bound her husband. The check for \$10 was cashed at a clothing store. The thieves failed to return. The Andersons and the police kept the matter a secret until yesterday, hoping to get other. The Andersons have lived at Allenhurst and Deal for nearly twenty years. Mr. Anderson was formerly a manufacturer in New York.

NEW YORK, March 28.—Mrs. Gertrude E. Childs applied yesterday to Justice Crane in the supreme court in Brooklyn for an increase of \$17,526 in the alimony now paid her by Irving W. Childs, son of the late William H. Childs. This would give her nearly \$26,000 a year, a little more than one-third of Child's annual income. After the matter had been argued by counsel for both sides, Justice Crane intimated that he would order the increase. He said that the request for order of the husband's income seemed modest enough. The Childs were married in 1905, when neither of them was 20 years old, and three years later the wife got a separation, with the custody of a baby daughter. She got alimony of \$8,400 a year and went to live with her parents at 155 Stratford road, Flushing. She says that since then Childs has squandered at least \$1,000,000, and she wants \$20,000 a year which he received last week from his father's estate on his 25th birthday. She recently got an order from the supreme court directing Childs to leave the \$700,000 untouched until he had furnished a bond for \$20,000 to insure the payment of alimony.

## RAILROADS AGREE ON JOINT USE OF PARTS OF B. & A. ROAD

BOSTON, March 28.—In a statement denying the reported purchase of the Boston & Albany railroad by the New York, New Haven & Hartford railroad, it was announced that the directors of the latter road today had arranged with the directors of the Boston & Albany. The statement follows: "The New York, New Haven and Hartford railroad has not bought or sought to buy the Boston and Albany railroad and has no control over its operations. It has entered into arrangements with the New York Central, (the lessee on the Boston and Albany railroad) looking to an increased traffic by way of the Boston and Albany junctions and will probably, in the near future, perfect arrangements by which it will run its own trains with its own power over portions of the Boston and Albany lines. Notably between South Framingham and Boston, between Ashland and South Framingham, between Lowell and Springfield, in connection with the projected Hampton railroad extension of the Central Massachusetts, and between Pittsfield and North Adams. These arrangements are obviously in the public interests. It is unnecessary to enlarge upon the beneficial results that are bound to follow. Through its holdings and leases, the New Haven road controls the Boston & Albany, the Maine Central, Washington County, Somerset, Montpelier, Wells River, Barre railroad and other lines. The New Haven system through its connections recently acquired a controlling interest in the Rutland road, for several years operated solely by the New York Central lines. With the exception of the Boston & Albany road the only through traffic competitor of the New Haven system in New England is the Grand Trunk, which by its leased lines extends to Portland and New London, and is contemplating the construction of a new line from Palmer, Mass., to Providence, with possibly another extension to Boston.

## ATLANTIC FLEET TO BEGIN TARGET PRACTICE ON APRIL 1

NEW YORK, March 28.—Target practice for the Atlantic fleet will begin on the coasts of the Chesapeake on Saturday, April 1, and Rear Admiral Schroeder, in a communication made public here today, requests the cooperation of all shipmasters in avoiding delays and inconvenience. There will be no danger he says to passing ships but carelessness might result in such annoyance to the fleet and even reduction of scores in a keen competition. The stations for the four divisions of the fleet will be on the meridian 15 degrees, 15 minutes in latitude 35 degrees, 30 minutes, to 37 degrees, 15 minutes and the targets will be towed from points along the line of the meridian in a direction generally to the left of windward. During the day practice a battleship will be seen towing a target and the firing ship will always be on the port hand of the target at ranges varying from three to six miles.

WAS STRONG AT THE CLOSE TODAY

Canadian Pacific Bounded Up To 2 1/2. Several Stocks Showed Great Buoyancy—Several Favorite Stocks Made Gains Of Nearly A Point

NEW YORK, March 28.—Some impetus was given to the stock market by the strength of Americans in London and trading at the opening today was more active than for some time. U. P. gained a point, opening with sales of 2500 shares and Canadian Pacific and International Harvester rose a like amount. Erie and Reading gained 1/2 and Norfolk & Western, Minneapolis, St. Paul & Sault Ste. Marie, New York Central, U. S. Steel and Great Northern Ore. off 1/2.

Some extensive realizing followed the initial advances but the market took these sales well and even went a trifle higher before the upward movement ceased. Some large blocks of stock changed hands, especially of United States Steel, which rose to 79 1/2. Trading quieted materially before the end of the first hour but prices were firmly held at the opening level. American Woolen lost a point.

After its long period of extreme dullness the stock market became much more active this morning. In the first hour about as much business was done as in the entire five hours of yesterday's session. The initial upward impulse seemed to come from London, where prices rose briskly over night although there was some doubt as to whether this was due to buying for English accounts or to operations of New York traders in the money market. Other considerations that helped toward higher prices were the general promising outlook for crops, the feeling that the Mexican situation will now be speedily adjusted and the bullish movement affecting individual stocks. In particular Can. Pac. and Norfolk & Western. Mid-day prices showed general gains of 1/2 to a point from yesterday's close. Bonds were firm. Light selling made some impression on certain stocks but the list generally yielded 3 points.

Manhattan Elevated satisfaction from the stability of the market in the afternoon, despite the prevalent dullness and the large realization which the forenoon advances induced. A few of the leaders worked their way upward, particularly U. P. in spite of its unfavorable February earnings, Atchafalpa and Lehigh Valley.

The market closed strong. Speculation became very strong again in the closing hour with several stocks showing considerable buoyancy. Can. Pac. bounded up to 2 1/2, a rise of 2 1/2. Other favorite stocks were up in the neighborhood of a point and the whole market reflected more confident buying than for a long time past.

Cotton spot closed quiet; 5 points lower. Middling Uplands, 14 3/8; Middling Gulf, 14 1/8. Sales, 1102 bales.

## HOPI INDIANS WANT RIGHT TO LIVE IN THE OLD STYLE

WASHINGTON, March 28.—Chief Yukeoma of the Hopi tribe of Indians appeared before President Taft yesterday to make a final plea that the Indian might be allowed his old freedom from restraint and be left alone to work out his own salvation. "Oh, great white father," said the chief to the president, "my people want to live as in the days of the medicine men, before the paleface took away from him the things that were ours. We don't want schools and school teachers. We want to be let alone to live as we wish, to roam free without the white man always there, tell us what we must do and what we cannot do." Chief Yukeoma looked the part of the uncivilized Indian. Thin, with small heavy eyes that watched closely the movements of the callers that streamed through the White House reception room, he wore the blanket of the real Indian. On his feet were moccasins and his legs to the knees were clad in business wrappings. He was unable to speak the language of the white man and an interpreter spoke for him. The president told Yukeoma that the old Indians could get education or not as they pleased, but the young braves and squaws must be educated.

## DRINKING CUPS COAL INDUSTRY

### Bill to Prevent Common Use of Them, Legislature May Order an Investigation

PROVIDENCE, R. I., March 28.—The use of common public drinking cups is prohibited in a bill which passed the house by a unanimous vote today. The measure was introduced at the request of the Rhode Island Medical society and provides that in order to prevent the spread of communicable diseases the board of health is authorized to prohibit the use of a common drinking cup in such public vehicles, buildings and factories as it may designate. No provision is made, however, for furnishing individual cups, as in Massachusetts. The bill will now go to the senate.

A bill prohibiting the use of wood alcohol in preparation of any article sold for food was presented by Rep. McKeown of Cumberland. The act is aimed particularly at the manufacturers of flavoring extracts and patent medicines. The committee is directed to sit during the recess and to report to the 1913 legislature, \$15,000 being appropriated for expenses.

BENEDICT MACQUARRIE, AS HORATIO DRAKE IN "THE CHRISTIAN."

## THE OPERA HOUSE

"The Christian," the popular religious and moral drama from the pen of Hall Caine, was presented before a large audience at the Lowell Opera House last night. The rendition of this difficult play was superb, and all the performers deserve credit for their fine playing, especially Forrest Stanley in the leading role, that of Hon. John Storm, and Frances Whitehouse as Glory Quayle. These two are well known on the Lowell stage and their work is being appreciated to the limit. They scored highly last night as did Benedict MacQuarrie as Horatio Drake, Lord Robert Ure, Charles J. Haines, Archdeacon Wealthy, Bertie McCullum, Father Lamplough, Herbert LeRoy, Parsons Quayle, Frank Derland, The Manager, F. H. Snow, Brother Paul, Albert Hanna, Eliza, Miss Callender, Geraldine Russell, Polly Love, Mary Sanders, Betty, Laura Danian, Letty, and Aria Farron. Glory Quayle, Frances Whitehouse, Citizens, People of the Slums, Protege—The telling grounds in the ruins of Peel Castle, Isle of Man, Love's Cross Roads.

The performance will be repeated each afternoon and night of this week, with the exception of Friday, when

convinced at her destruction and how they were thwarted by John Storm, form the basis of the play, and in no detail does it lack interest. The entire performance as given at the Opera House last night was most satisfactory, and the management left no stone unturned to make it successful. The scenery was particularly beautiful, and excellently portrayed the different places in which action takes place.

"The Lottery Man" will be the attraction.

"THE LOTTERY MAN"  
In spite of the fact that it is contrary to law, a lottery will be conducted in this city next Friday, March 31, at which time the drawing will take place on the stage of the Opera House. The prize will be a young, handsome and marriageable man. In fact the lottery is so conducted that only women are allowed to participate in the "spoils." The prize in question is Cyril Scott, perhaps one of the best known leading men of the American stage. Mr. Scott, of course is the "lottery man" in the play of the same name, which now after its long engagement at the Bijou theatre is being sent to this city for the first time by the Messrs. Shubert.

The story, by Rida Johnson Young, author of "Brown of Harvard" is far away one of the most interesting that has ever been woven into dramatic form for comedy. Jack Wright, a New York newspaper reporter, borrows money for the editor, Foy Payton. As security, he gives his promise that, in the event he loses the money, he will write one of the biggest exclusive news stories the paper has ever published. The reporter loses and he is sorely beset when it behooves him to produce the "scoop."

However, he makes good with a vengeance. He outlines a plan for the paper to conduct a lottery, selling tickets at one dollar a piece and he offers himself as the prize. The first day the story appears, over one thousand old maids clamor for the coupons. Money seems to be no object. Meantime Jack falls in love with Helene Heyer and from then on, his one aim is to defeat his own scheme.

"Imagine the horror of thinking the first woman you meet on the street may be your wife," says the reporter. So all hands set about purchasing coupons. The lucky number, however, falls into the hands of the servant in the Payton home. Lizzie (Helen Lowell), the original Miss Hazy in "Mrs. Wiggs of the Cabbage Patch" steals the ticket and claims Jack as her lawful husband. She is threatened with arrest and finally disposes of the coupon falls into the hands of Helene. The cast is the original one.—Adv.

## "MADAME X"

Not in many years has a dramatic performance won such universal approval from the critics of Boston as that which was extended to Madame X, which will be seen at the Opera House on Wednesday April 5, matinee and night. There was a unanimity of opinion among the fraternity of writers up and down the city who viewed with one another in extending to Henry W. Savage's production every praise in their vocabularies. This was a repetition of the experience in New York where Madame X made the most astonishing record of any drama in many years. The play, which is a study in the psychology of a woman, is a masterpiece of dramatic art. The original production, which is to be seen here, is a masterpiece of dramatic art. ## COLONIAL THEATRE

Snap, singer and originality mark the bill at the Colonial this week. The vaudeville includes a new and Clara Steele, an exceptionally clever pair of comedians, with a line of real live songs and talkology that keeps the audience in an uproar throughout their entire act. "The Great La Velle" (trapeze artist and contortionist, whose daring tricks and stunts have won him fame from coast to coast; Frank Phipps, novelty singer and dancer. His skill is remarkable. The motion pictures and illustrated songs are the latest and best that can be procured, carefully selected to entertain and amuse our patrons. Get the habit of going to the Colonial. Entire change of bill Thursday. Don't forget the amateurs tonight.—Adv.

## ACADEMY OF MUSIC

A pleasing program was presented at this house yesterday and one that will be entertaining to the patrons. Ronde Robinson and Bessie have an eccentric knockabout singing and dancing novelty, that will be sure to provoke laughter. Alex. Wilson, the clever ventriloquist, has an array of mechanical dolls and automata in a clever and witty manner with some droll comedy. The Tremont quartet is a worthy organization of singers.

The rendition of the famous old ballad, "Silver Threads Among the Gold," among the best numbers. The pictures are all of the very latest and contain a thrilling railroad story.—Adv.

## THEATRE VOYONS

What is destined to be a big success is "The Way of the Transgressor," the feature picture at the Theatre Voyons today and never yet has a picture so carefully shown the downward course of a man and the exciting brushings he may have with the underworld. Its story is logical, forceful and every bit exciting. A charming sentimental story "The Test of Love" is finely staged and admirably acted and the comedy brings plenty of laughs. The musical program features Jack Manchester, an old Lowell favorite, who is even in better voice than when he sang in Lowell some time ago.—Adv.

## HATHAWAY THEATRE

That the audience at the Hathaway theatre last evening was thoroughly enthralled by the spell of James A. Herne's great play, "Shore Acres," was most strikingly demonstrated as the curtain descended on the final act. It is almost an invariable custom of Lowell audiences to get busy with their wraps several minutes before the fall of the curtain, and so at "Shore Acres," for although there is absolute silence on the stage for more than a minute as old Uncle "Nat" calls in the cat, puts out the kitchen light and slowly climbs the stairs to bed the audience never moved, and when the curtain fell they remained long enough to call back Mr. Meek several times.

"Shore Acres" is all that has been claimed for it, a clean and wholesome story of rural New England life, and it was presented admirably by the Donald Meek Stock company with the following cast:

Nathaniel Berry.....Donald Meek  
Martin Berry.....Harry C. Arnold  
(Brothers, Keepers of the Berry Light House.)  
Joel Gates, a grass widower.....Daniel McCabe  
Josiah Blake, a storekeeper and postmaster.....James A. Davenport  
Sam Warren, a young physician.....George J. Morgan  
Capt. Ben Hutchins, a skipper of the "Liddy Ann".....Tom Hall  
Doctor Leonard.....Sam Green  
Squire Andrews.....Martin Miskell

Neighbors:

Young Nat. Berry, Martin's boy.....Marguerite Pay  
Young Bob Berry, Martin's boy.....Charles Crymble  
The Mail Driver.....Jack Keller  
Ann Berry, Martin's wife.....Ada Allen  
Helen Berry, their daughter.....Mabelle Estelle  
Mrs. Andrews.....Mrs. Dan McCabe  
Mrs. Leonard.....Marie Walsh

Neighbors:

Millie, Martin's daughter.....Isabel Balesler  
Mandy Gates, Joel's child, Doris Dutton  
The story of "Shore Acres" has been told in these columns before and it is a play that one can witness again and again without tiring, when presented so cleverly and so completely as it is now being presented by the Donald Meek company. Many competent actors have played the character of "Nathaniel Berry" since James A. Herne created the part, but it is no exaggeration to state that none, barring himself, ever played it in more acceptable manner than the Donald Meek company. ## 50TH ANNIVERSARY

BIG CELEBRATION IS CONTINUED IN ROME

ROME, March 28.—The celebration of the 50th anniversary of the proclamation of Rome as the capital of united Italy by the Italian parliament was continued today amid popular rejoicing. King Victor and Queen Helena visited the historic castle of San Angelo, where they viewed the magnificent Italian exhibition of the art of the Middle Ages and Renaissance objects. They were received by Count E. San Martino, president of the committee. Twelve other pavilions representing the art of many foreign countries make up the international exhibition. The exhibition will be open for a prolonged period.

## MADE NO CHOICE

Democrats Did Not Agree on Senator

ALBANY, N. Y., March 28.—The second democratic legislative caucus failed last night to select a candidate for United States senator, and was called to reconvene tonight. Twenty-five candidates voted for, William F. Sheehan, leading with a vote of 28—less than a third of those taking part.

The vote:  
William F. Sheehan, 28; Augustus Van Wick, 7; John D. Kernan, 4; Francis B. Harrison, 1; Joseph A. Golden, 2; James Renwick, 3; James W. Gerard, 2; William Butler, 3; John B. Sweeney, 1; William D. Ellison, 2; Theodore Suto, 4; Isador Strauss, 3; Herman Rider, 3; Daniel F. Chahalan, 4; Edward M. Grou, 1; Morgan J. O'Brien, 2; John J. Fitzgerald, 6; Alton B. Parker, 1; Victor J. Dowling, 2; J. P. O'Gorman, 1; Edwin McCall, 1; D. Cadogan, 1; Samuel Untermyer, 1; John A. Dix, 1; John Lynn, 1. Total 50.

Ninety of the 115 democratic members of the legislature answered the roll call. These included a few who have been voting for some other candidate than the caucus nominee, but the bulk of insurgents were absent.

Several members who have figured as strong advocates of Mr. Sheehan acknowledged in declaring their votes that his election had ceased to be a possibility and that the reconvening of the caucus released them from whatever pledges might have been incurred by attendance upon the first caucus. This was the general impression among the Sheehan advocates, who expressed the opinion that the balloting today would follow closely the lines of last night's caucus vote and that the reconvening of the caucus tonight would mark the beginning of the end of the most protracted contest which this state has ever known.

Notwithstanding his reiterated declarations Gov. John A. Dix received one vote. Several of the members in announcing their choice scored the insurgents for their alleged apostasy and cowardice.

## MERRIMACK SQUARE THEATRE

Excellent vaudeville acts and the latest moving pictures go to make up the program which Manager Carroll of the Merrimack square theatre is offering to the patrons this week. The bill is by far the best that has been presented since the opening of the popular play house and it is one which cannot fail to appeal to the most exacting theatregoer.

The stellar attraction is Lamont and his trained attraction cockatoos. This is an act which is simply marvelous and goes to show what can be attained by patience, for it takes a great deal of patience to train cockatoos.

There are about thirty birds in the collection, the majority of them being pure white. They do all kinds of stunts, such as dancing, turning back somersaults, rolling over and over, jumping over hurdles, performing on horizontal bars.

One bird is exceptionally well trained and with the assistance of a bell tells the number of days in the week, the month and rings the number asked for by any person in the audience. The act comes to a close with an exciting fire scene, in which some of the birds acting as firemen walk up ladders and rescue other birds in the building, use the hose to extinguish the flames and throw the furniture through the windows of the burning building into the street.

What comes to rip-roaring laugh producers the Pete Lawrence trio, two

## RICHARD MANSFIELD

young men and a woman, carry off the palm. Despite the fact that the act is full of nonsense, it is one that convinces the people with laughter and is a great cure for the blues. One of the young men has a vocabulary of slang that would make a New York East side turn green with envy. The slang, however, is of that variety which is permissible and there is nothing in the act that could be called out of the way. The trio are good singers and dancers and on the whole it is a very pleasing number on the program. The Gould sisters sing and dance themselves into favor. One of the girls gives imitations which are praiseworthy. Both are exceptionally fine dancers and they wear beautiful costumes, many changes in dresses being made during the progress of the act.

Dick Mansfield, "The Man From Australia," makes a decided hit with his songs.

The daylight motion pictures are all new and of the same high standard as the past. The soloist of the week is Emma Churchill, a young woman possessed of a charming voice.

Announcement was made yesterday that John Quigley, the original now-boy tenor, associated in the past with Denman Thompson in "The Old Homestead," and other well known plays, has been secured for next Sunday's sacred concert.

There is always something doing at the Merrimack square theatre from one o'clock in the afternoon until 10:00 o'clock at night.

THE GOVERNOR'S VETO

We do not believe that Governor Foss appreciates the full meaning of our Lowell celebration on April 19. He has refused his approval to a measure granting Lowell a portion of the \$25,000 for celebrating Patriots' day. It is Lowell's duty to honor the memory of the three proto-martyrs of the war. In having the distinction of giving the first martyrs to the war, our city has a special reason for celebrating the opening of the war. Furthermore, as the governor suggests that we celebrate peace instead of war, May we ask what is celebrated on April 19 but the opening of the revolution, the battle of Lexington and Concord? That three Lowell men fell in the streets of Baltimore in the first real battle of the Civil war may not be a proper subject for commemoration in the opinion of Governor Foss; but Lowell elects to honor their memory, and she will do so without a state appropriation and regardless of the expressed opinions of the governor to the contrary.

SENATOR MONEY'S LAST SPEECH

Ex-Senator Money of Mississippi is a veteran of the Confederate army. His service in the United States senate terminated with the last congress and the last speech he made there was delivered in opposition to the filibustering episodes under which that congress passed into history. Senator Money occupied a peculiar position, for in spite of the democratic victory, he as a democratic senator was retired. In glossing over the situation and rather expressing a fellow feeling with some-republicans who were also left outside the breast works, he quoted these lines from a Greek poet of the age of Pericles, a contemporary of Sappho and known as Archilochus:

Tossed on a sea of troubles, Soul, my Soul,  
Thyself do thou control;  
And to the weapons of advancing foes  
A stubborn breast oppose;  
Undaunted mind, the hostile might  
Of squadrons burning for the light,  
Thine be no boasting when the victor's crown  
Wins thee deserved renown;  
Thine no dejected sorrow, when defeat  
At grief thy bosom touch  
Midst evil, and still bear in mind  
How changeable are the ways of human kind.

For a poetical sentiment penned 700 years before the Christian era, this stanza is quite remarkable, although not more so than some passages in Homer dating to a still earlier period. Could anything better be selected as balm for the feelings of a defeated candidate?

FIRE DRILLS AND MORE FIRE ESCAPES

The day of the fire drill in large factories has arrived. In every factory in which any large number of people are employed there should be a fire drill at least once a month in order to train the operatives how to get out of the building by different exits with safety and in the shortest possible time. The New York horror of Saturday has demonstrated the absolute necessity of such a scheme. There should be a law making such drills compulsory and fixing the space of time in which a building of given dimensions should be cleared. This could be arranged by giving heads of fire departments power to order fire drills in factories whenever they deem it expedient as a precaution against the sudden outbreak of fire.

The fire horror in which 141 lives were lost late Saturday afternoon in the East Side of New York city, shows beyond question the most outrageous neglect on the part of some of the public officials.

Chief Croker of the fire department says that he has been telling the officials that just such a calamity would occur, but they have evidently paid little attention to his warnings. He now makes the statement that other fires, even worse, are liable to occur at any time in other parts of New York city.

It is to be presumed that Chief Croker knows what he is talking about, and if his statement be correct, one of two things is certain, either the laws are very deficient in regard to such matters or else they are not enforced.

New York is noted for falling asleep in regard to such matters until a horror of this kind wakes up the community. Then they investigate and talk about going to the opposite extreme, but after all very little is done.

The General Slocum horror is recalled as another proof of the manner in which public officials permitted steamship companies to evade the law until a whole ship load of picnickers were burned alive.

The ten-story building in which this shirtwaist factory was located on the upper floors had no outside fire escapes; but it is stated that there were fire escapes in the light shafts. As well put a fire escape in a large chimney as in an air or light shaft which in case of fire is the great conductor for the smoke and flames.

There is here evolved the problem of providing proper protection for the skyscrapers either by outer fire escapes or some other means that will afford the necessary security. The demand is imperative, and while it appeals directly to New York, yet it is the duty of every other city to see whether it has any fire trap such as that in which over 140 lives were lost in less than half an hour Saturday afternoon.

Where the laws are defective they should be amended at once; where the building ordinances permit high buildings to be erected without adequate protection in case of fire, they should be promptly changed; and where the officials, responsible for the enforcement of these laws are negligent, they should be as promptly removed to make way for men who will do their duty.

If the law compelled the owners of skyscrapers to make due provision against fire, these buildings might not be so popular. It is not enough to have fire-proof construction if the floors be littered with inflammable material as in the case of the New York shirtwaist factory. It is necessary also for the protection of the occupants to limit the height of the buildings so that the upper stories may not be entirely beyond reach of the fire departments.

It will be interesting to see what the New York officials will do to prevent other fire horrors of the same kind. Their investigations will serve little purpose except to show that some official or more probably a number of officials in authority were wholly negligent of their simple duty in not providing proper safeguards for the occupants of high buildings in case of fire.

SEEN AND HEARD

"Washington was born Friday. Shakespeare was born Friday. America was discovered Friday. Richmond was evacuated Friday. Lucky Friday."

**DAVEY AND THE GOBLIN**  
(The story Robinson Crusoe told Davey.)  
The night was thick and hazy  
When the Picaresque Davey  
Carried down the crew and captain in the sea;  
And I think the water drowned 'em;  
For they never, never found 'em,  
And I know they didn't come ashore with me.

Oh! 'twas very sad and lonely  
When I found myself the only  
Population on this cultivated shore;  
But I've made a little tavern,  
In a rocky little cavern,  
And I sit and watch for people at the door.

I spent no time in looking  
For a girl to do my cooking,  
As I'm quite a clever hand at making stews.

But I had that fellow Friday,  
Just to keep the tavern tidy,  
And to put a Sunday polish on my shoes.

I have a little garden  
That I'm cultivating hard in,  
As the things I eat are rather tough and dry;  
For I live on toasted lizards,  
Frickly pears and parrot gizzards,  
And I'm really very fond of beetle pie.

The clothes I had were furry.  
And it made me fret and worry,  
When I found the moths were eating off the hair;  
And I had to scrape and sand 'em,  
And boiled 'em and I tanned 'em,  
Till I got the fine morocco suit I wear.

I sometimes seek diversion  
In a family excursion  
With the few domestic animals you see;  
And we take along a carrot,  
As refreshment for the parrot,  
And a little case of jungleberry tea.

Then we gather as we travel  
Bits of moss and dirty gravel,  
And we chip off little specimens of stone;  
And we carry home as prizes  
Punny bugs of handy sizes  
Just to give the day a scientific tone.

If the roads are wet and muddy  
We remain at home and study—  
For the goat is very clever at a sum—  
And the dog, instead of fighting,  
Studies ornamental writings,  
While the cat is taking lessons on the drum.

We retire at eleven,  
And we rise again at seven;  
And I wish to call attention, as I close,  
To the fact that all the scholars  
Are correct about their collars,  
And particular in turning out their toes.

Wash That Itch Away

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you know that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own bath towel!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

Best possible wash for pimples and all skin impurities.

If you have not already tried it, get at least a 25 cent bottle today. We assure you of instant relief.

PANAMA CANAL

SIX REASONS URGED AGAINST ITS FORTIFICATION

The following reasons why the Panama canal should not be fortified are being circulated throughout the country:

**A Strong Appeal**  
A statement embodying six reasons why the Panama canal should be neutralized, bearing the signatures of men and women prominent in the United States and abroad, has been made public. Richard Olney, former secretary of state; David Starr Jordan, president of Leland Stanford, Jr. university; William Dean Howells, author; Charles P. Anderson, Protestant Episcopal bishop of Chicago; William H. Taft, president of Brown university; J. P. Adams, of Hull House, Chicago; George B. D. Johnston, of the United States district court; and George Foster Peabody, the New York banker, are among the sponsors of the document. The statement follows:

Why the Panama canal should be neutralized, not fortified.

"First—Because the canal would be safer in wartime without fortification. According to the agreement signed by the Hague conference in 1907, fortified coast places cannot be bombarded.

"Second—Because the original intention of our government, as distinctly expressed in 1899, and previously, was to prohibit fortifications on the canal. Though this prohibition was omitted in

the finally revised Hay-Pauncefote treaty signed in 1902, this in no wise implies that we ought to fortify it nor was its construction proposed as primarily a military undertaking.

"Third—Because, though the Suez canal was built with English money, England agreed to its neutralization. The Straits of Magellan are also neutralized and the Intercontinental union in 1910 declared in favor of the neutralization of all inter-oceanic waterways.

"Fourth—Because the United States in all its history has never been attacked and began every foreign war it ever had and it is too important a customer for any great nation at this late day to wantonly attack. Though the enemy might in stress of war be tempted to break its pledge with us, no nation would dare break its neutralization pledge with the combined powers, as the penalty of non-intercourse, which would be included in the general treaty, would involve commercial ruin.

"Fifth—Because, with the experience of nearly a century's peace with England, ensured by our undefended Canadian border line, until we have asked for complete arbitration treaties with all possible future enemies and have been refused, we should be insincere in increasing our war measures. This is especially true in view of the facts that, since 1902, the nations have signed 100 arbitration treaties and President Taft has made the impressive declaration that he sees no reason for any question whatever should not be arbitrated; that the second Hague conference, in various ways diminished the likelihood of war, not only the prize court but the court of arbitration justice is practically assured; and that in the summer of 1910, congress unanimously passed a resolution asking the president to appoint a commission of five to consider the utilization of existing agencies to limit the armaments of the world by mutual agreement of the nations and to constitute the world navies an international force for the preservation of universal peace and to consider other means to diminish expenditures for military purposes.

"Sixth—Because, in the words of Hon. David J. Brewer, chairman of the committee on foreign affairs in the house of representatives, the initial expense of the necessary fortifications would not be less than \$25,000,000; in all probability it would not be less than \$50,000,000. The annual expense of maintaining such fortifications 2000 miles from home would probably amount to \$5,000,000. With all the fortifications possible, it is still apparent that in order that the canal might be of military advantage to the United States in time of war a guard of battleships at each of its entrances would be an absolute necessity. It is equally apparent that with such a guard the fortifications would be unnecessary, if not entirely useless. We are bound by solemn treaty obligations to see to it that the canal shall be and remain forever open to British ships in time of war as well as in time of peace, and while it is probably true that no other nation could claim any advantage by virtue of this treaty, it is also true that we have thereby placed ourselves under moral obligations to maintain an open canal for the ships of all nations at all times, in war as well as in peace."

The other signers of the statement are: Harry Wade Rogers, dean of the Yale law school; John Graham Brooks, lecturer on economics; Francis Lynde Stetson, attorney of New York; Ida Tarbell, historian; E. O. Nelson, manufacturer, St. Louis; E. P. Wheeler, attorney of New York; Samuel P. Capen, president of the American League of Commissioners for foreign missions, Boston; Marcus M. BIRTHDAY PARTY

AT THE HOME OF MRS. CHARLES GRUNDLER  
A very pretty party was held at the home of Mrs. Charles Grundler, 23 McKinley avenue, on Sunday evening, the occasion being the 30th birthday anniversary of her son, Chas. Grundler, Jr., who on returning home in the afternoon was greatly surprised to find the house filled with relatives and friends.

Mr. George Heller escorted Mr. Grundler to the parlor, where Miss Lena Drescher, in behalf of those assembled, presented him with a beautiful gold signet ring. Mr. William Heller then presented him with a valuable time case, the gift of Mr. Grundler's mother and sisters, and he was the recipient of numerous other tokens of esteem.

After the presentations, a bountiful repast was served, following which a musical program was thoroughly enjoyed.

Mr. Everett Pearson was in excellent voice, rendered "Want Someone To Call Me Dear." There were songs by John McMahon, Frank Heller, Lena Drescher, Rosie Eber, Annie Cruse, Charles Grundler and Lizzie Grundler. Miss Emma Thumm and William Heller were the accompanists.

The party lasted until a late hour, and the guests left for their homes with best wishes for their host and hostess.

BIBLE LECTURES

A STRONG LIST OF SPEAKERS SECURED  
An exceptionally strong list of speakers has been secured for the coming Bible course lectures under the auspices of the Lowell Young Men's Christian Association. The course chosen is "The Progress of Christianity." As heretofore, the course will be given in the First Baptist church in this city on Wednesday evenings of April and one Wednesday in May.

The opening lecture on April 5 will be given by Rev. Charles Reynolds Brown, D. D., of Oakland, Cal., on the subject, "The Social Message of the Modern Church."

The second lecture of the course will be given on April 12, by Rev. Dr. Roland Dwight Grant, author and lecturer. His subject will be "What is the Use of Prayer?"

On April 19, Rev. George P. Eckman, Ph. D., D. D., will speak on the subject, "A City of Splendor."

The fourth speaker on April 26, Rev. Dr. Cortland Myers, is known as the popular preacher of Tremont temple, Boston. He was here last year and all who heard him then will be pleased to have the opportunity to hear him in Lowell again. His subject will be "Saving the Churches."

The last speaker in the course is Rev. S. Parkes Cadman, D. D., of Brooklyn, N. Y. After his address on "Christ and the Bible," he will give an opportunity to all for asking questions. Dr. Cadman is very ready in answering questions and conducting discussions. Tickets for this course are now on sale at the Y. M. C. A. hall, street, at 50 cents for the five addresses. 25c for each separate lecture. Doors will open at 7.15, and addresses will begin at 8 p. m.

THE CONVENTION

Of the Spanish War Veterans

A well attended and enthusiastic meeting of General Ames command, United Spanish War Veterans, was held last night in Memorial hall, George Southard presiding. During the early part of the meeting three candidates were initiated and six re-statements received.

The general committee on the convention to be held on April 19th made a favorable report. The general committee has made the following report to date:

The convention of the veterans will be held in the state armory, Westford street.

The Ladies' Auxiliary will hold theirs in Matthew Temperance hall, Dutton street.

The Richardson hotel, which is directly opposite the depot, will be department headquarters.

As the 19th is to be the big day in Lowell, it being the 50th anniversary of the Old Sixth passing through Baltimore, when Ladd, Whitney, Needham and Taylor were killed, the city has made an appropriation for a celebration in which the regulars from the forts around Boston, the Sixth regiment, Grand Army posts from all over New England and numerous other societies will participate. We shall ask the convention to adjourn for an hour in order that all Spanish War Veterans may also participate, as we feel this will be one of the first steps towards cementing a tie which ought to exist between the veterans of '61 and '98. The city has given us an appropriation to cover the expense of a dinner (not lunch) to be served to every Vet. In uniform who will take part in this parade, and we desire every veteran (whether a delegate or not) who has a uniform (service or otherwise) to come up and help us along. The committee has arranged for a grand military ball on the evening of the 19th, which will be free to any veteran who wears the emblem of our order.

## ON PATRIOTS' DAY

Lowell Will Have Celebration  
Despite Veto

While Governor Has Vetoed Appropriation He Will Order the Sixth Regiment to Lowell Which is Equivalent to an Appropriation of \$2000

While Governor Foss has vetoed the bill calling for an appropriation of \$3500 for the observance of the 19th of April in this city, there will be a fine celebration just the same. The governor's veto, while a great disappointment to everyone in Lowell, is not so crushing when it is known that the governor has stated that he will order the entire Sixth regiment to Lowell on April 19th, which is equivalent to an appropriation of \$2000 or \$2500.

## Health and Beauty Advice

BY MRS. MAE MARTIN.

G. E. A.: When you wear a veil face powder will not help your complexion much, as it rubs off too easily. What you need is a good lotion that will not show on the skin. The next time you go to the drug store get four ounces of spruce and dissolve it in one-half pint of hot water, adding two teaspoons of glycerine. This lotion will clear up and whiten your skin, make it soft and velvety and give you a beautiful complexion. It will rid your skin of that shiny, greasy, sallow look and make it appear charming and youthful. I find this excellent for cold sores, freckles and pimples. It costs very little and will protect your face from the winds and prove a splendid beautifier.

Charlotte: The quickest way to rid the face of its hairy growth is to employ delatone. This is easy to use and can be found at any drug store. Get an ounce of delatone and mix a little with water to make thick paste; then spread on hairy surface and after two or three minutes remove and wash the skin and you will find the hairs gone. You will have to pay a dollar an ounce for delatone, but it is worth it as a second application seldom is required.

Joseph: Premature aging of hair is very discomforting and mars womanly beauty, but you can soon restore the true blonde and glossy tint if you get an ounce of marlax from a nearby drug store and steep it in a pint of water. The hair should be first washed with cambric to remove all oil and dust, then dried, after which wash with the marlax tea, rinse in clear water and dry. You will find marlax quite harmless and inexpensive and it will change dull, streaky, faded hair to a rich, lustrous golden shade without staining or discoloring the skin.

Harriet: For your tired, dull, inflamed eyes you need a good eye tonic. Dissolve an ounce of crystals in a pint of water. Two or three drops of this in each eye daily will strengthen your eyes and make them bright and sparkling. This tonic will not smart and has proven a great aid to those who wear glasses. A friend of mine who has remarkably clear, beautiful eyes tells me that she uses this simple tonic regularly to keep them bright and full of expression. I find it excellent for weak, inflamed, tired eyes and granulated eyelids.

Alma: Your scalp needs a good, stimulating condition hair tonic to remove the dandruff, scalp irritation and falling hair. Get from any drug store one-half pint alcohol and one ounce quinine and mix it with one-half pint water and you will have a much better tonic than any of those ready-prepared tonics you have been buying. Brush your hair daily and, twice a week, apply this tonic to the scalp, rubbing it in gently. This will do wonders for your dull, lifeless, falling hair, and put your scalp in healthy condition. This tonic will make your hair soft, silky and lustrous. Keep

the scalp clean by frequent shampooing with cambric and you will not have further trouble with your hair.

Cora S.: (a) As your hair is short and thin and you have so much trouble to make it stay up and look neat, try shampooing it twice a month with a teaspoonful of cambric dissolved in a cup of hot water. This shampoo is the one generally used by the best hairdressers to make the hair look thick and lustrous. It produces an abundant lather, dries quickly and not only cleans the hair and scalp well, but stops all irritation and gives the scalp a feeling of pleasing freshness. Cambric makes a delightful shampoo and will make your hair soft and fluffy. You will have little trouble then to make your hair look nice. Never use soap for shampooing, as it makes the hair brittle, harsh and takes away the glossy look. (b) To get rid of dandruff and stop falling hair, see reply to Alma.

Constance: Right now before warm weather sets in the best time to get rid of facial blemishes such as freckles, complexion skin roughness, wrinkles, etc. But you should not use soap on the face very often, as it makes the skin dry and harsh. I recommend the use of a good greaseless face cream, which can be made by dissolving one ounce of almond oil (get it at any drug store) in one-half pint cold water, and add one teaspoonful glycerine. Stir and let stand an hour or so. It is inexpensive and you will find its regular use will improve your skin wonderfully. It keeps the skin soft and healthy, smooth and moist. Almond cream jelly is a fine and soothing cleanser and will prevent blackheads, premature wrinkles, and when used as a massage cream will restore color to dark, sallow skin.

Carmen: It is a very easy matter to reduce your weight without leaving the skin wrinkled and flabby if you only know how. Here is the secret: Buy at any drug store four ounces of paraffin and put in 1½ pints of hot water. When cold strain and take a tablespoonful of the liquid before each meal. This is harmless and the pleasing way it will cut down your weight will surprise you. Avoiding rich, solid foods and taking plenty of exercise will assist greatly in getting rid of your fat quickly.

Inez G.: Don't worry! Almost everybody else has the same troubles. At the approach of spring impurities in the blood usually manifest themselves and what you require to overcome the pimply, "muddy" complexion with is a good system tonic and regulator. You can easily make it yourself. Get from your drug store an ounce of kaffirine and dissolve it in one-half pint alcohol; then add one-half cup sugar and enough hot water to make a quart of tonic. A tablespoonful taken before each meal will soon rid your system of poisonous accumulations, and make you strong, healthy, bringing the body into glow of perfect health to your cheeks.

of the general committee, purposely kept all plans in abeyance pending the final disposition of the appropriation bill. The celebration will now be planned to come within the \$3500 available. It is likely that only the Lowell company of the Ninth regiment will appear in the parade. The secretary of war has promised Congressman Ames that he will detail the regulars to come here from the Boston forts if their railroad fare is met, and the Congressman has been instructed to notify him that this requirement will be met.

## WORK ON STREETS

Considered by Committee Last Evening

City Engineer Bowers made his last appearance at a meeting of the committee on streets, at city hall last evening when all the members of that committee assembled to discuss a huge pile of petitions for street improvements in different parts of the city. Alderman Barrett presided and after due deliberation the committee took the following action on the matters before it:

## SEVERE WIND STORM

Left Death and Destruction in  
Its WakeBuildings Demolished and Houses  
Unroofed—Railroad Placed Out  
of Commission for a Time—  
Several Towns in Alabama  
Struck by a Tornado

PHILADELPHIA, March 28.—A severe electrical storm accompanied by a high wind which at times blew with the force of a tornado swept over the northern section of this city shortly after 6 o'clock last night leaving destruction and death in its wake. Buildings were demolished, houses were unroofed, and the New York division of the Pennsylvania railroad was placed out of commission temporarily by the demolition of its tower at Holmesburg and the station at Tacony, cutting off all telegraphic communication. New York trains are being routed via the Trenton cut-off which was not in the path of the high wind.

Tacony, the section where the greatest damage occurred, was completely cut off from the rest of the city. Telegraph, telephone and trolley wires were blown to the ground and it was hours before the details of the destruction reached the central section of the city where the storm did not appear. The police station at Tacony was demolished. The roof of the building was blown off and every window was broken by a sudden burst of wind. At the Tacony station of the Pennsylvania railroad an unidentified man was killed when a portion of the structure was blown away. Many houses in this section were unroofed or completely demolished.

In the manufacturing section of Kensington in the northeast, toward Tacony, several factories were destroyed. Trolley wires were blown down and roofs of houses hurled to the streets. A corner section of the factory of John Blood & Brothers, manufacturers of woollens at Trenton and Allegheny avenues, more than 100 feet wide, was torn away, wrecking much valuable machinery. Three hundred and fifty men who were employed here, it is said, will be out of work for at least two weeks. The factory of the Enterprise Copperage company nearby, was struck by lightning but the flames were extinguished before much damage had been done.

In the fashionable section of Germantown the storm also caused havoc and the cupola of St. Michael's church was blown off. Jones hall also lost its roof as did the factory of the American Metal company. Telegraph and telephone communication was also destroyed, but up to a late hour no lives had been reported lost in this section.

## LOSS IS \$25,000

WASHINGTON, Penn., March 28.—A blizzard swept Washington county yesterday and last night, and the thermometer dropped 30 degrees in eight hours. Sixty oil derricks at McDonald were leveled, causing a loss of \$25,000. Oil operators announced that the wrecked structures will be replaced with steel ones. At Waynesburg, tombstones were picked up by the wind and carried from a cemetery into a road, a hundred feet away.

## UNKNOWN MAN KILLED

PITTSBURGH, Pa., March 28.—A windstorm throughout northeastern Ohio, a portion of West Virginia and western Pennsylvania, late yesterday caused at least one fatality, injured a number of persons and resulted in heavy financial loss.

At Girard, O., an unknown man was killed by falling wires.

Steubenville, O., was struck by the gale. The roof was blown off the county infirmary and the walls of several other buildings were blown down. In this city the wind reached a velocity of 32 miles an hour. Many wires, billboards and plate glass windows suffered. In the country districts the wind played havoc with barns and fences.

## CELLARS FLOODED

SYRACUSE, N. Y., March 28.—The village of Moravia in Cayuga county, was partially under water last night following a rainstorm of unusual severity. The village is in the Onondaga lake basin, Main streets are under

is dead and another is dying. Passing over the county in an easterly direction, the storm killed Stephen Byrd and probably fatally wounded Frank McCrory. Mrs. Byrd and her three children and Mrs. McCrory and her four children and 15 others were injured. The Byrd and McCrory homes and other buildings were destroyed. At Excel several persons were injured and a number of buildings were destroyed. At Manistee two persons were slightly injured. The damage runs into the thousands.

## WOMAN SUFFRAGE

## OPPONENTS OF MEASURE TO MAKE GREAT FIGHT

SPRINGFIELD, Ill., March 28.—Opponents of woman suffrage have planned to make a vigorous attack on the senate bill giving the ballot to women when it comes up in the house today or tomorrow. Miss Phoebe Cousins of Washington, D. C., former leader in women's suffrage ranks but now a vigorous opponent, is in Springfield, armed with a speech to be directed against the present legislative bill. The word is out among legislators opposing the bill to start the fight with a rush and sweep the suffrage adherents off their feet by unexpected bursts of opposition.

## CARD OF THANKS

We, the undersigned, take this means of expressing our sincere thanks to our many kind relatives, neighbors and friends who by their many acts of kindness, words of consolation and beautiful floral offerings helped to lighten the burden of sorrow in the death of our beloved husband and father. To Dr. Packer and family with whom deceased was employed for sixteen years, we are indebted for many acts of kindness that served to comfort our beloved one during his long illness. To one and all we are deeply grateful.

Signed Mrs. Martha Judge and Family.

Health For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Coloma, Wisconsin.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and can not thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. John Wentland, R. F. D., No. 3, Box 60, Coloma, Wisconsin.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

# PANIC ON BOARD TOWN MEETING

## Big Liner Cedric Sideswiped the Chelmsford Voted to Spend \$80,000 This Year

### Steamer Marowijne

NEW YORK, March 28.—Momen-tary panic seized the passengers of the steamer Marowijne, just into port from Trinidad, when the big liner Cedric coming into quarantine today, was thrust out of her course by contrary tides, causing her to sideswipe the Marowijne. The chief officer of the Marowijne jumped to the windlass and slackened the anchor chain, thereby preventing further collision. A couple of

plates forward on the Trinidad steam-er were dented. After the quarantine examination the Cedric got under way and attempt-ed to pass to windward of the Marow-ijne and this time the high wind forced the big liner to leeward, jamming the Marowijne a second time. The Cedric stopped after clearing the Marow-ijne and sent a boat alongside to as-ertain if any damage had been done.

## DEATHS

**McGLONE**—Michael McGlone, a life long resident of North Billerica, died this morning at the home of his sister, Mrs. John Kelly, 45 Banks street, Cam-bridge, after a week's illness of pneu-monia. Deceased is survived by a brother, Hugh McGlone of this city and two sisters, Mrs. Grace Kelly of this city and Mrs. John Kelly of Cambridge. Funeral announcement later.

**LAKE**—John Lake of 17 Cushing street died yesterday, aged 31. Besides his wife, Mrs. Minnie Lake, he leaves two sons, John and George, and a daughter, Annie; also a brother, Joseph, Lake.

**GATILHA**—Hamilla Gatilha, aged 2 months, died Monday morning at the home of her parents, Stanislaw and Maria Gatilha. The funeral took place at 9 o'clock in the afternoon. Services were held at the Holy Trinity church, Rev. Fr. Ogonowski officiating. Burial was in St. Patrick's cemetery. Under-takers N. H. McDonough Sons had charge.

**BOYLE**—John J. Boyle, a well known resident of the immaculate Conception parish, died yesterday afternoon at the home of his aunt, Mrs. Patrick Regan, 232 Fayette street, aged 37 years. He leaves two children, Ruth and Leon-ard; his parents, three brothers and one sister in Ireland. Deceased was a member of the Eagles, the Bartenders' union and the Emmets.

**MASSOUT**—The double funeral of Adhemassch and Nantallah Massout, the Syrian children, twins, who died yesterday morning, was held yesterday afternoon from the home of their parents, George and Farid, 62 Adams street, and burial was in the Eden

cemetery in charge of Undertakers C. H. Molloy & Sons.

**REED**—George Warren Reed of this city, who died March 22, was born in Lyndeboro, N. H., Nov. 13, 1838. He was the son of Jesse Reed and Clara-issa (McIntire) Reed. He came to Lowell in the spring of 1856 and found employment on the Merrimack cor-poration, eventually becoming an over-see of spinning, remaining there until the fall of 1902, when he retired from work owing to ill health. He joined the old No. 5 Tiger Volunteer Fire company in 1855 and when that dis-banded joined the old hook and lad-der company, whose headquarters was on Middle street, remaining with them until 1875. He resided in Capt. Abbott's company, 2nd Massachusetts regiment, in the spring of 1862, but failed to pass the medical examination. In December 1863, he married Abbie H. Quigg of Hollis, N. H., whose death occurred in 1866 leaving one son Fran-cis B., now of Boston. In January, 1868, he married Susan S. Reed, of Westford, Mass. These children were born to them, Walter A. of New York city, Flora A. who died in infancy, and Gladys (Reed) Goodrich of this city. The deceased was very active in politics for many years and was for a long time a member of the republican city committee, and served as dele-gate to many state and other conven-tions. In his death the city loses an upright and respected citizen, one whose word was as good as his bond, and his family a loving, unselfish hus-band and father.

Funeral services were held Friday afternoon at his home, 243 Westford street.

**TANSEY**—Mrs. Catherine Tansey died this morning at her home 61 Chestnut street. She leaves to mourn her loss one daughter, Mrs. Catherine Crowley; three sons, Owen J. Tansey, the well known police officer; John F. and Patrick of North Chelmsford. She is a well known resident of the Im-maculate Conception parish and leaves a host of friends to mourn her loss.

## A Large Increase in the Tax Rate is Expected — Eben T. Adams Won His Fight for Selectman — The Town Gave Its Usual Majority in Favor of "No License"

Chelmsford's annual town meeting held yesterday was rather a quiet affair, the voters being quite unani-mous in their opinions of the different articles, and therefore only a few arti-cles stirred up discussion.

The meeting was one of the largest ever held and after the appropriations were voted it was the general belief that there will be a large increase in the tax rate. In fact William J. Quig-ley who was elected commissioner of the sinking fund, said he would not be surprised if the rate went close to the \$20 mark. The greatest interest in the choice of town officers centered in the election of selectmen and constables.

John J. Dunn, who ran on nomination papers, was elected a selectman, the losing man being Francis O. Dutton of the Centre. The result of the balloting was as follows:

Selectmen and overseers of the poor — Eben T. Adams, Centre, 400; Charles F. Devine, East, 435; John J. Dunn, West, 333; Charles Lyons, South, 419; D. Frank Small, North, 465; Francis O. Dutton, 258.

Assessors for three years—Fred L. Fletcher, West, defeated Arthur M. Warren, 311 to 201.

Town treasurer and collector of taxes—Ervin W. Sweetser, Centre, 501.

School committee, three years—John J. Monahan, West, 450.

Auditors—Samuel Naylor, West, 446; Winthrop A. Parkhurst, Centre, 468; Paul L. Pigott, North, 445.

Trustees of Adams library for three years—Francis Clark, Centre, 443; Rev. Wilson Waters, Centre, 443; Constables—Joseph Fallon, North, 429; James B. Gookin, North, 432; Clarence Nickles, Centre, 451; Fred W. Park, South, 416; Karl M. Perham, Centre, 451; John J. Quessy, West, 420; John W. Robinson, East, 415. All were elected.

Cemetery commissioner for three years—Charles A. Holt, West, 455.

Sinking fund commissioner for three years—William J. Quigley, North, 444.

Park commissioner for three years—George F. Culler, North, 439.

Tree warden—Minot Bean, Centre, 450.

On the question of license, the town went "no" by a vote of 427 to 114.

Article 10—To see if the town will raise and appropriate the sum of one hundred twenty-five dollars, (\$125.00) for the purpose of observing Memorial day, and appoint a committee to assist the veteran association in making the necessary arrangements for such ob-servance. Voted.

Article 11. To see if the town will vote to raise and appropriate the sum of two thousand dollars (\$2000) for severance at schoolhouses and town hall at North Chelmsford. Adverse action taken.

Article 12. To see if the town will vote to authorize the board of select-men to have the town reports printed and distributed among the voters of said town eight days at least before the caucuses. Voted to lay on the table.

Article 13. To see if the town will vote to raise and appropriate the sum

of one hundred dollars (\$100) for the completion of draining Mt. Pleasant street at North Chelmsford. Voted.

Article 18. To see if the town will vote to raise and appropriate the sum of five hundred and fifty dollars (\$550) for the purpose of purchasing a power sprayer for the moth work department. Voted.

Article 7. To see if the town will authorize the selectmen to act as its agent in any suit or suits which may arise during the current year; also requiring, in their judgment, the ac-tion of such agent, and to employ coun-sel therefor. Voted.

Article 19. To see if the town will vote to raise and appropriate the sum of three hundred and twenty-five dol-lars (\$325) for the purpose of fencing the schoolhouse lot in East Chelmsford, said sum to be expended under the di-rection of the school committee. Voted.

Article 20. To see if the town will vote to provide telephone service for the use of constables in the Centre and North villages, or act in relation there-to. Voted.

After some discussion it was voted to locate one telephone in the Centre and one in the North section, the high-est vote getter in each section to have the service. Voted.

Article 21. To see if the town will accept and adopt the by-laws as pre-pared by the selectmen, or act in re-lation thereto. The article was dis-mitted.

Article 22. To see if the town will raise and appropriate the sum of one hundred and twenty dollars (\$120) for the service of a janitor at the North and Centre fire houses. Voted.

Article 23. To see if the town will vote to raise and appropriate the sum of two hundred dollars (\$200) for the purpose of repairing the canal road, so called, at East Chelmsford, said sum to be expended under the direction of the selectmen. Voted.

Article 24.—At the request of George B. Wright and others, to see what ac-tion the town will take in regard to naming the square formed by the junction of Westford and Worthen streets, by the heirs of the late David Perham, or act in relation thereto. It was voted to name the space Perham square.

Article 25. To see if the town will vote to raise and appropriate the sum of two hundred and fifty dollars (\$250) for free band concerts the pres-ent season in the several villages of the town. Voted.

Article 26. To see if the town will vote to accept a deed from Mrs. James McNally of the street shown in plan of public land, North Chelmsford, for a public easement of land of said street. Voted.

**COMMUNICATION**

Editor Sun:

At the annual town meeting held in Chelmsford, yesterday, E. T. Adams was again elected selectman by a big majority after a bitter fight by his opponent and supporters. He was born in Carlisle, January 7, 1857, and has been a resident of Chelmsford for thirty-five years. During the past twenty-four years he has held various town offices. His re-election makes the eleventh time he has been on the board of selectmen and for two years as its chairman.

He has represented the town as its representative to the legislature, which is strongly a republican district. His politics is democratic. He is a strong advocate for temperance.

Chelmsford Voter.

## THE THICK FOG Caused Delay of Steam-er Amerika

NEW YORK, March 28.—It was sim-ply the fog and not other big robbery or new developments in the diamond jewel mystery, as some rumors had it, that caused the detention of the steam-er Amerika off the Ambrose channel lightship outside the harbor for many hours after her arrival yesterday. It developed when the steamer came up the inner harbor today. The Amerika had a little bad luck outside the bar, losing her starboard anchor and part of the anchor chain. The vessel was boarded at Southampton on her out-ward voyage by detectives who sought a trace of the \$130,000 worth of jewelry stolen from the steamer of Mrs. Mary's last voyage here. There were no new developments in the case up to the time of the steamer's arrival here, according to the ship officers, but it is thought that another search of the ves-sel might be made here.

## FUNERALS

**McKENNA**—The funeral of Florence McKenna, child of Owen and Matilda Fleming McKenna, was held yester-day afternoon at 3 o'clock from the home of her parents, rear of 36 Cedar street and burial was in St. Patrick's cemetery in charge of Undertaker J. J. O'Connell.

# CREW IN PERIL INVESTIGATION INTO NEW YORK CITY FIRE HORROR IS BEGUN

## Navy Dept. Asked to Send Tug to Aid Steamer

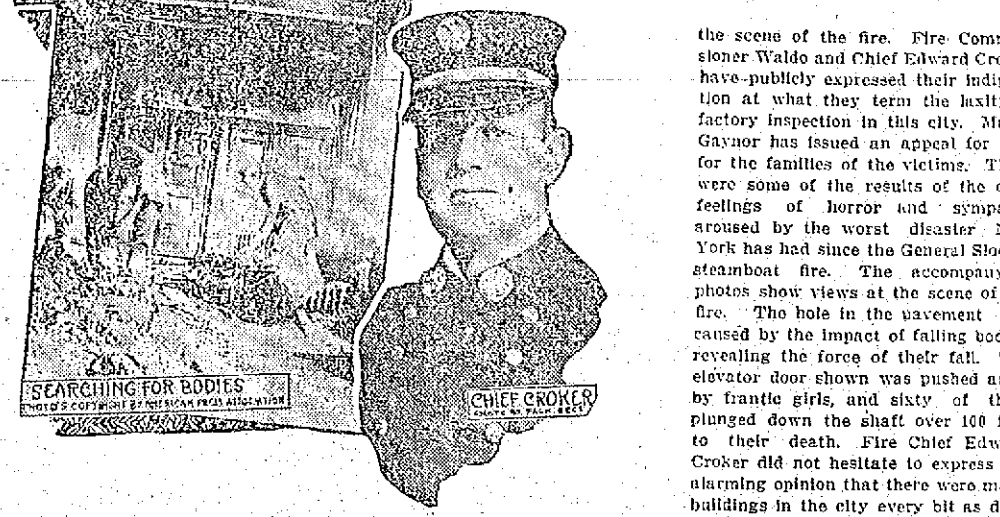

WASHINGTON, March 28.—Twenty-eight men in the crew of the steamer D. N. Luckenbach of New York, which grounded eight miles from Key West yesterday while bound from Tampa to Baltimore, are in peril of losing their lives and the navy department has been appealed to for help.

Owners of the vessel reported the steamer to be in a dangerous position today and asked the navy department

to send the naval tug Massasoit from Key West to assist the Luckenbach. The revenue cutter Forward is standing by the steamer but reports that the men may be lost unless help is promptly sent. Efforts were made to reach the Savannah revenue cutter Yamacraw at sea to send that vessel to the Luckenbach's assistance but the revenue cutter was out of wireless communication.

## HELD IN \$1000 FLIM FLAMMERS

### Feather Unable to Secure Bail Got Away With \$1500 From Waiter

CONCORD, March 28.—Probable cause being found, Judge Keyes of the district court today held Phineas Feather of Gleasondale for the June term of the grand jury on a charge of assault with a dangerous weapon with intent to murder Charles E. Roberts at Gleasondale yesterday. In default of \$1,000 bail Feather was committed to the Middlesex county jail at East Cambridge.

The court proceedings were brief. Feather, who was represented by counsel, pleaded not guilty. State Officer Burns, who represented the government, rehearsed the shooting of Mr. Roberts in the Gleason mill office and Judge Keyes found cause.

BOSTON, March 28.—The time-worn "handkerchief game" in a modified form, was worked yesterday afternoon to the extent of \$1500 upon Carlo Ambrosini, a waiter, who lives at 123 Elliot street.

Pretending to be Italian noblemen and personal representatives of Queen Helona of Italy, two men made the acquaintance of Ambrosini in the hotel cafe, where they spent money lavishly.

According to their story, they had been sent to the United States to establish a relief fund to be used for the benefit of Italians who had become destitute.

Ambrosini in telling of cases of his countrymen who were in exceptionally unfortunate circumstances, mentioned the fact that in the few years he had been in this country he had managed to save up \$1600.

The two "noblemen" immediately became interested and thought because of his honest face they would appoint him head of the Boston bureau.

"We have \$3000 as the first deposit in the bureau," they told him, "and if you will show us the \$1600 you say you have and convince us that you are reliable we will give you the appointment."

Yesterday the waiter drew the \$1600 from the two banks and joined the men in a lodging house on Common street.

The two bogus noblemen used a tin box, and after Ambrosini had placed the \$1600 in it pretended to put in the \$3000, in reality dropping in a false box, a towel and a roll of old paper and extracting the roll of \$1600.

Then they gave the tin box to the waiter and the three left the house.

## ANOTHER BREAK

### Franklin Park Station Entered

BOSTON, March 28.—Extra precautions to guard against losses by burglaries are being taken by the Boston & Maine railroad officials. Following breaks at the stations in North Billerica and Billerica centre, Saturday morning, three men entered the Franklin Park station early today, broke open the safe and carried away \$32, of which \$20 was in money and the balance in the form of a check.

## INDUSTRIAL CLASS MAY BE ESTABLISHED IN RHODE ISLAND SCHOOLS

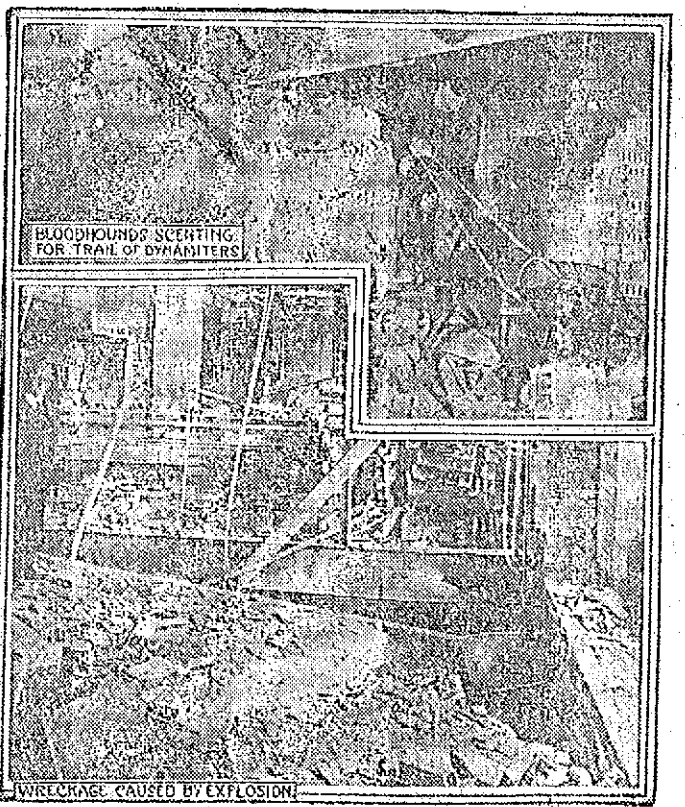

PROVIDENCE, March 28.—The state is asked to give its support through proper legislation to the establishment of industrial educational courses in the public schools of Rhode Island. A bill to this effect was introduced into the legislature today by State Supt. of Schools Renger. The commissioner pointed out that 29 states have enacted laws to establish and maintain industrial education, evidencing a widespread demand for more efficient workmen in productive industries. Rhode Island, he said, with its many and varied industries, is in urgent need of industrial education in order that the schools may turn out more capable workmen.

## HELD IN CHAINS

### Man Shot Down German Officer

CONSTANTINOPLE, March 28.—Col. Von Schlichting, one of the German instructors in the Turkish army, was shot dead on the parade ground today by an Albanian soldier. It was an act of vengeance, the officer having reprimanded the man for slackness. The assassin was immediately placed in chains.

## THE K. OF C. FIVE

### Won Two Points From St. Peter's

The Knights of Columbus team of the Catholic league won two points and the total from the St. Peter's team last night. Bernard of the knights was high man with a single of 117 and a triple of 326. J. E. Donohue of the losing team went over the 300 mark, having over one in each of the three strings.

Two teams made up of members of the Manufacturers' league, which season came to a close several weeks ago, met on the Crescent alleys last night and the first team defeated the second team by a score of 1416 to 1353. Pillsbury of the winning team, with a triple of 315, was the only man to go over the 300 mark.

In the minor league series the rogues won two points from the Cuckoos. Fielding of the winning team was high man. The score:

the scene of the fire. Fire Commissioner Waldo and Chief Edward Croker, have publicly expressed their indignation at what they term the laxity of factory inspection in this city. Mayor Gaylor has issued an appeal for help for the families of the victims. These were some of the results of the deep feelings of horror and sympathy aroused by the worst disaster New York has had since the General Slocum steamboat fire. The accompanying photos show views at the scene of the fire. The hole in the pavement was caused by the impact of falling bodies, revealing the force of their fall. The elevator door shown was pushed aside by frantic girls, and sixty of them plunged down the shaft over 100 feet to their death. Fire Chief Edward Croker did not hesitate to express the alarming opinion that there were many buildings in the city every bit as dangerous as the Asch building. "There are buildings rated as fireproof, there are office buildings," he said, "that are likely to stir the people any day over a big loss of life. I predicted this loss of life, and I predict an even greater loss of life unless fire escapes are put on all buildings in which there are a great number of persons, such as this one."

The first team of Lowell council finished in second place. Highland council first team in third place and the second team of Highland council in fourth place.

The following is the standing of the teams and the averages of the bowlers over 35 per cent.

of New Bedford baseball for 1911 will be easy of prediction.

Jesse C. Burkett and John J. O'Donnell, active managers of the Worcester baseball club, will adopt a new ticket for this season, a combination admission ticket and rain check. They're going to have the ticket and rain check printed on one piece of cardboard, perforated in the center. The ticket taker will tear it and deposit the admission ticket part in the box provided for the purpose and the other portion of the ticket he will return to the patron. That portion of the ticket will be numbered properly and a record of the number kept. If it rains and the game is prevented, the rain check will entitle the holder to admission to another game at any time during the season. If the game is played out the check is valueless and will be refused at the game, if presented.

William A. Flynn, the giant right-handed pitcher who refused to come to Worcester at the start of 1910 season, has sent in his signed contract for this season to Manager John J. O'Donnell of the Worcester New England league team.

Franklin Courtney, formerly with the Haverhill New England league club, will start for Terre Haute, Ind., Monday. He played with the team in the outfield last season and had a fine season. The St. Louis Cardinals will have a string attached to him and hope to bring him back to the fold if he gets away to a good start this season.

Walter Harmon of West Manchester, N. H., has signed to play with the Haverhill club of the New England league for the coming season. He played for a while with the West Manchester team in the state league and then went west, playing in the Pacific Coast league for two seasons. Harmon started out as a pitcher, but, being a hard hitter, he took to playing the outfield. Harmon is a tall, well built fellow, and very fast both in the field and on the bases. He hits left-handed and can get down to first base like a flash.

William Carver of New York city, a catcher recommended by Dave Fultz, will be given a tryout by the Brockton team in the spring practice. Carver has been catching on semi-professional teams in and around New York, and Fultz says he can deliver the goods.

## EX-LIGHTWEIGHT CLAIMANT OF THE MIDDLEWEIGHT CROWN

CHICAGO, March 28.—Cyclone John Thompson who now asserts supremacy in the middleweight pugilistic division, says promoters will have to offer him purses of suitable size before he makes his American debut as a fighter in the heavier classes. The man who went on board the Pacific ocean steamer bound for Australia a lightweight and debarked middleweight declares he is through with the half-purses and is to fight for nothing but the big end prizes hereafter. "If they give Billy Papke and Hugo Kelly purses of from \$5,000 to \$10,000 for their fights they are not going to get me into the ring for any peanut money," said Thompson recently. "I am claiming the middleweight title, and I think I have the best right to that place." Johnny looks even better as a middleweight man than he did as a lightweight. He was a trifle slow in the lower division when compared to such men as Paddy McFarland, but stacks up like a whirlwind when placed alongside most of the middleweights. Thompson is the oldest pugilist in the ring today. He is now in his thirty-fifth year. Last summer he went to Australia and in less than two months he became a middleweight. His victory over Billy Papke in Australia last December was a big surprise to the fans in this country.

## For the Terrible Fire Horror in New York

### Investigation Resumed by the Officials—Architects and Fire Experts Making an Investigation of the Fire Laws

NEW YORK, March 28.—Sitting down the great mass of testimony at their disposal, city and county officials hoped today to draw closer to the source of responsibility for Saturday's fire horror in which 142 persons lost their lives. Investigations started yesterday by Fire Marshal Beers and District Atty. Whitman, were continued and in other official quarters the effort to place the blame was kept up with undiminished vigor.

While officialdom was thus struggling with the crucial questions which

### May Appoint a Janitor Industrial School Does Not Affect High School

The school board will hold its regular meeting at city hall this evening and an important item of business will be the appointment of a school janitor to fill the vacancy caused by the death of Patrick Mullane, one of the best liked men in the janitorial service. There is a long eligible list headed by Mr. John Roarka.

## SENATOR DEPEW

### Releases the Republican Senators

ALBANY, N. Y., March 28.—There was no choice for United States senator on the 60th ballot today. Voting was along the lines of last night's caucus ballot. Senator Brackett today received a telegram from Senator Depew releasing the republican senators from their obligation to vote for him as the minority caucus candidate.

Senator Depew's telegram reads: "E. T. Brackett, Albany.

"I judge from press despatches that a crisis has arisen in the senatorial situation. I believe it to be the highest duty of the legislature to secure full representation in the senate for the state of New York in the extra session which convenes April 1. I would not wish my name to be a hindrance to the consummation above suggested. With full appreciation of and gratitude for the united support the republican members of the legislature have given me I will be entirely satisfied with whatever seems to them best for the interest of the state.

(Signed) "Chauncey M. Depew."

### Telegraphers Threaten General Strike

NEW ORLEANS, March 28.—A general strike of telegraphers employed by the Illinois Central railroad will be called on April 1 if the demand of the men for a 20 per cent. increase in wages is not granted, according to local representatives of the telegraphers. It is claimed by the men that the road has discharged more than 300 operators within the last few weeks.

## PEPIN THE TAILOR

### HAS RETURNED WITH NEW STYLES AND SHADES

Mr. J. N. Pepin, the high class custom tailor with establishment at 19 Thruway street, returned from New York this morning after a visit for the purpose of acquiring the latest spring styles.

Although his time was limited owing to the "spring rush" being on when he left this city, Mr. Pepin said a call to his friend, Mr. Rude of the New York cutting school, one of the largest schools for the advancement of the cutting-art in the states, and received many of Mr. Rude's original ideas for the correct fitting and cutting of garments, which he will use to advantage this spring.

## MAYOR ASHLEY

### Man Who Runs New Bedford is Coming

Mayor Ashley of New Bedford, who has been chief executive of the whaling city almost beyond the memory of man, is the latest celebrity to accept an invitation to be with us in Lowell on April 19. Rep. F. D. Bartlett of Plymouth is coming if possible. Here are the letters:

New Bedford, Mass., March 25, 1911.

Hon. John F. Meehan, Mayor, Lowell, Mass.

My dear Mayor:—I desire to thank you for your kind invitation to be present at your 50th anniversary of the march through Baltimore, to be held in your city, April 19th. I assure you I shall avail myself of the opportunity to be present.

Very truly yours, Charles S. Ashley, Mayor.

## GENERAL RABAGO

### REPORTED AS HAVING REACHED CHIHUAHUA CITY

EL PASO, Texas, March 28.—Despatches from Chihuahua City today say General Rabago with 1200 federal troops has reached the city, after having been on the march from Juarez since Feb. 24. Rabago went south to repair the burned bridges of the Mexican National railroad. Most of the bridges have been burned behind him and Chihuahua City is now said to be well fortified and commanded by 3500 federal troops. It is reported a detachment of federals soon will be started northward to find and engage Madero.

## REP. PIPER

### WANTS TO COMPEL RAILROADS TO OBEY THE LAW

CONCORD, N. H., March 28.—Rep. James Piper of Stratford introduced in the house this noon a concurrent resolution declaring that "It is our opinion that the governor should instruct the attorney general to take such action as may be necessary to compel the railroad to obey the law forthwith." The law referred to is the contracts of 1883 and 1889 between the railroad and the state containing a provision against any increase in rates above those then prevailing. On Mr. Piper's motion the consideration of the resolution was made a special order for Thursday morning.

## FRANCISCO MADERO

### BECOMES SUPREME HEAD OF INSURGENT ARMY

EL PASO, March 28.—Guerrilla warfare has been formally abandoned by the insurgents, according to a decree issued by Francisco Madero and made public here today. The decree organizes the entire republic of Mexico into seven groups of states, each group to be known as a war zone and the insurgents in each group to constitute a corps.

Army ranks and the promise of a law giving pensions to widows and children are announced.

Madero becomes "supreme head of the insurgent army."

One of the objects of Madero in abolishing guerrilla warfare is to induce foreign countries to recognize the belligerency of the insurgents, it is stated.

## MISSIONARY JUBILEE

NEW YORK, March 28.—The celebration of the Women's National Foreign Missionary jubilee, which was begun with a "pageant of missions" yesterday in the Metropolitan opera house, was continued today at the Fifth Avenue Presbyterian church, where missionary workers from all parts of the country participated in a praise service.

Mission workers in various foreign fields described conditions in their territories. The praise service was followed by a rally of the Women's Union Missionary society.

He made his first American appearance at the Casino in New York in 1886 with the Violett Cameron opera company. He returned to America in 1901, appearing at the Knickerbocker theatre, New York, as Valentine Brown in "Quality Street."

# JOINT CONVENTION

## Will be Held at City Hall This Evening

### But a Ballot May Not be Taken, According to Report—Other City Hall Notes of Interest

The aldermen will meet in special session and the council in regular session this evening at 8 o'clock and much discussed joint convention will be held according to the schedule at city hall.

The holding of the joint convention, however, does not necessarily mean that a city clerk and a city treasurer will be elected and the political forecasters at the municipal building are of the opinion that there will be no election tonight. The indications point to a record-breaking attendance.

Appropriations Committee

The appropriations committee will meet this evening at city hall at 7.30 o'clock.

Diphtheria Cases

There are 14 cases of diphtheria in Lowell at the present time, according to the health board reports, which is about the average for the past three months. The number of cases is not alarmingly large.

Boy Scout Meeting

Mayor Meehan has sent out the following letter relative to the Boy Scout movement:

Dear Sir:

The new movement called the Boy Scouts of America has been brought to my notice with the suggestion that it might well be fostered by the city of Lowell.

The city of Columbus, Ohio, and other municipalities have utilized this means of training good citizens under their recreation department.

There will be a public hearing on this project at the city hall on Thursday afternoon at 4.30 o'clock March 30th, when Mr. Arthur A. Carey of Waltham will explain the movement and indicate the methods of forming a local council.

You are cordially invited as one interested in the welfare of Lowell boys.

John F. Meehan, Mayor.

## New Building Permits

Among the recent building permits given out at the office of the inspector of buildings, is that of Andrew J. McLaughlin for a two apartment house on the south side of Blossom street, two and one-half stories, 24 by 50 feet, each apartment to have six rooms, bath and pantry with an estimated cost of \$3500.

Charles F. Stackpole, has taken out a permit to erect a two apartment house in Grace street, each apartment to contain six rooms, bath and dimensions, 24 by 50, estimated cost, \$3500.

## State Officer Flynn

State Officer Fred Flynn of Lawrence, while in town today, paid a visit to Mayor Meehan. Both the mayor and his secretary, Warren Riordan, are old friends of Officer Flynn. The fact that Officer Flynn played a prominent part in the graft exposures in Lawrence might have led some to believe that he was calling on business, but the visit was purely a social affair for there is nothing doing at city hall in the graft line under a democratic regime.

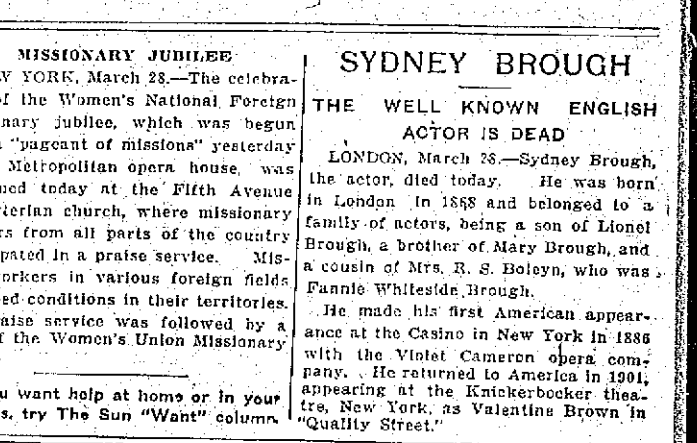

## BISHOP DOANE REFUSES

ALBANY, N. Y., March 28.—Bishop Doane has refused to permit Mrs. E. B. Grannis, president of the National League for the Promotion of Purity, to speak in All Saints cathedral at the convention of the Purity League, which was to have been held here today. In refusing Mrs. Grannis permission to speak, Bishop Doane quoted from the bible, First Corinthians 14:34: "Let your women keep silence in the churches, for it is not permitted unto them for to speak."

Speaking of the affair, the bishop said that when he gave the league the right to hold the convention in the cathedral he was under the impression that Rev. J. A. McCaig, the New York reformer, was to speak.

The meeting of the league will be held in New York, where Mrs. Grannis will address it.

# THE "BLACK HAND" If It's in the Sun You'll Hear From It

## U. S. Secret Service Officers to Make Arrests

Officers of the Organization to be Brought to Justice — Threat Was Made on the Life of Judge K. M. Landis

CHICAGO, March 28.—United States secret service officers are about to explode a "black hand" bomb which is expected to bring to justice officers of that body that in a little more than a year has claimed more than 40 lives and has caused a reign of terror in the Italian district.

The threat on the life of Judge K. M. Landis of the United States district court, it was learned yesterday, was but one feature of a program of threats and blackmail that has been carried into the midst of the government's department of justice in Chicago. Threats resulted in the recalling of members of the K. G. Alongi jury,

which disagreed after hearing evidence in a "black hand" case a week ago and the discovery that members of the jury had been terrorized and that their inability to reach a verdict probably was a direct result of these threats. The recent threats of Judge Landis, on jurors, and yesterday on the life of a member of Assistant Chief of Police Schuetter's staff are expected to hasten the scheduled arrests.

It is known that numerous Italian secret service men imported from New York in order to prevent them being marked by the organization which is being investigated are at work seeking evidence to be used in the scheduled move of the government.

## HOUSE STANDS FIRM

## Bill to Reclassify Licenses Was Beaten 104 to 127

BOSTON, March 28.—Having refused last Thursday to repeal the bar-and-bottle act of last year, by a vote of 103 to 133, the house yesterday afternoon, before crowded galleries, declined to amend the so-called reclassification bill, against which the committee on the liquor law had reported. On this bill to reclassify the liquor licenses the vote stood 104 to 127.

"In other words," the advocates of legislation to ameliorate the situation which they claim the operation of the bar-and-bottle act is going to bring about increased their vote by one, and the opposition sustained a net loss of six votes.

Representative Royle of New Bedford gave notice that this afternoon he would move reconsideration of the refusal to substitute. The reclassification bill provides, in substance, that the holder of a first-class license may sell liquor to be drunk on the premises, and also in quantities up to five gallons. It was explained to the house that the original advocates of this legislation would offer an amendment to bring about substitution to provide for the virtual separation of the bar-and-bottle business; in other words, an amendment which would prohibit the bartender from selling bottle goods and would also provide a substantial partition between the places where the bar and the four-class licenses would operate.

Representative Breth of Chelsea announced this intended amendment. The opposition, however, was against any amendment. It contended that the whole object of the other side was the practical repeal of the bar-and-bottle act.
